Feedback Summary:

- The overall feedback from the teachers indicates that the learning objectives of the programme are clear and appropriate, with a majority of respondents rating them as excellent.
- The feedback regarding electives offered in relation to technological advancements is generally positive, a majority of respondents considering them excellent or very good. This indicates that the curriculum incorporates relevant and up-to-date elective options to enhance students' knowledge in technological advancements.
- Over one-third of the teachers were highly appreciative of the right blend of practical and theoretical knowledge, reported that the required balance of theory and practical is maintained in the curriculum.
- Similarly, the suitability of the textbooks and reference books received mixed ratings.

Action Taken on Teacher Feedback:

- Proper guidelines should be given to first year students for the successful implementation of new curriculum.
- Recommended to purchase new books as per the revised syllabus.
- With regard to the online teaching and the challenges associated with the use of technologies, various training programmes and sessions were organised to empower the teachers to use technologies effectively.
- The decision has been made to financially support the staff by providing registration fees and travel allowances for attending Faculty Development Programs (FDP) and seminars.
- It has been decided to implement automation in the streamline library operations, that will contribute to a more efficient and accessible library environment for all users.
