UNIVERSITY OF CALICUT
B.Com HONOURS PROGRAMME
2024-25 ADMISSION ONWARDS
(CUFYUGP Regulations 2024)

Preface

B.Com Honours Programme offers a broad and versatile curriculum encompassing various facets of Commerce, including accounting, finance, regulations, marketing, management, entrepreneurship, and more. This versatility equips Commerce graduates with a diverse skill set that is highly relevant across different industries and business sectors. B.Com graduates can explore diverse career avenues in fields such as banking, finance, accounting, taxation, consulting, marketing, human resources, international trade etc. The B.Com degree serves as a foundation for entry-level positions and provides a pathway for career advancement and specialization through further education or professional certifications. This Programme nurtures an entrepreneurial mindset and encourages students to explore innovative business ideas and solutions. Commerce Graduates are equipped with the knowledge and skills needed to start and manage their own businesses, contribute to economic growth, and drive innovation in various industries. By embracing Outcome-Based Education (OBE) principles, the B.Com Honours Programmes can elevate their educational efficacy, relevance, and impact, effectively preparing students for successful careers in the dynamic field of Commerce.

Features of B.Com Honours Programme

1. The B.Com Honours Programme encompasses interdisciplinary subjects within Commerce, integrating courses in Accounting, Finance, Taxation, Law, Management, Marketing, Human Resources, Statistics, Artificial Intelligence and Business Analytics, Entrepreneurship, and more.
2. Each course in the four year B.Com. Programme is meticulously designed to facilitate experiential learning across various domains within Commerce.
3. Flexibility is a key feature of the four year B.Com. Programme, allowing students to customize their curriculum by selecting minor and elective courses aligned with their career aspirations and personal interests.
4. Major courses in the Programme are carefully chosen to provide comprehensive theoretical knowledge and practical exposure essential for studying Commerce as a separate discipline.
5. The minor courses in Commerce are tailored to address the unique requirements of undergraduate Commerce students while also offering students from other disciplines the opportunity to explore and incorporate Commerce into their academic pursuits.

6. The skill enhancement courses within the Commerce curriculum are designed to develop the practical skills of Commerce students, ensuring their applicability in real-world scenarios and enhancing their employability.

7. Practical exercises are incorporated into each course unit to complement textbook-based theoretical learning, ensuring students gain hands-on experience and practical skills.

8. The B.Com Honours Programme serves as a robust foundation for students pursuing further education at the postgraduate level, including M.Com., MBA, and professional Programmes such as CA, CS, ACCA, CMA, among others.

9. B.Com. Honours with research Programmes culminate in an honours project, allowing students to showcase their mastery of the subject matter and contribute original insights to the field of Commerce.

PROGRAMME OUTCOMES (PO):

At the end of the graduate Programme at Calicut University, a student would:

Sl.No	Graduate Attributes	PO Statement
PO 1	Knowledge Acquisition	Demonstrate a profound understanding of knowledge trends and their impact on the chosen discipline of study
PO 2	Communication, Collaboration, Inclusiveness, and Leadership	Become a team player who drives positive change through effective communication, collaborative acumen, transformative leadership, and a dedication to inclusivity
PO 3	Professional Skills	Demonstrate professional skills to navigate diverse career paths with confidence and adaptability.
PO 4	Digital Intelligence	Demonstrate proficiency in varied digital and technological tools to understand and interact with the digital world, thus effectively processing complex information
PO 5	Scientific Awareness and Critical Thinking	Emerge as an innovative problem-solver and impactful mediator, applying scientific understanding and critical thinking to address challenges and advance sustainable solutions.
PO 6	Human Values, Professional Ethics, and Societal and Environmental Responsibility	Become a responsible leader, characterized by an unwavering commitment to human values, ethical conduct, and a fervent dedication to the wellbeing of society and the environment.
PO7	Research, Innovation, and Entrepreneurship	Emerge as a researcher and entrepreneurial leader, forging collaborative partnerships with industry, academia, and communities to contribute enduring solutions for local, regional, and global development.

PROGRAMME SPECIFIC OUTCOMES (PSO):

At the end of B.Com Honours Programme at Calicut University, a student would:

PSO 1	Build a strong foundation on theories, principles, practices, and regulatory mechanisms in the areas of Commerce.
PSO 2	Exhibit the skills to analyze and apply the learned knowledge to carry out the functions of business, solve business-related problems, and ensure overall employability.
PSO 3	Use supportive and appropriate digital technologies to effectively manage the business and cope with the dynamic world of Commerce.
PSO 4	Develop and apply research attitude and skills to solve real-life problems in the world of Commerce.
PSO 5	Demonstrate a basic understanding of the latest concepts and trends in the field of Commerce such as Entrepreneurship, Professional Accounting, Investment and Financial Services, Marketing, Business Analytics, Tourism & Hospitality Management.
PSO 6	Demonstrate the necessary skills to present and communicate innovative business ideas and business data to become a financially sound and socially accountable citizen.

1. SHORT TITLE AND COMMENCEMENT

1.1 These regulations shall be known as the "Calicut University B.Com Honours Programme Regulations, 2024."

1.2 They shall come into effect for admissions commencing from the academic year 2024-25.

2. SCOPE AND APPLICATION

2.1 These regulations apply to all Regular B.Com Honours Programmes conducted in affiliated colleges by the University of Calicut.

2.2 The provisions herein supersede all existing regulations for regular B.Com Programmes conducted by the University of Calicut unless otherwise specified.

3. ELIGIBILITY FOR ADMISSION

The eligibility for admissions and reservation of seats shall be in accordance with the norms/rules made by government/University from time to time.

4. DURATION AND BROAD PATHWAYS OF B.Com HONOURS PROGRAMME

4.1 The duration of the 3-year B.Com Degree Programme shall be six semesters distributed over three years, the 4-year B.Com Degree (Honours) Programme shall be eight semesters

distributed over four years, and the 4-year B.Com Degree (Honours with Research) shall also be eight semesters distributed over four years.

4.2 Odd semesters (1, 3, 5, 7) shall run from June to October, while even semesters (2, 4, 6, 8) shall run from November to March.

4.3 There shall be three broad pathways: (a) 3-year B.Com Degree, (b) 4-year B.Com Degree (Honours), and (c) 4-year B.Com Degree (Honours with Research).

4.3.1 Students who choose to exit after 3 years shall be awarded a B.Com Degree after successfully completing the required minimum of courses totalling 133 credits.

4.3.2 A four-year B.Com Honours Degree shall be awarded to those who complete a specific number of courses totalling 177 credits, including 12 credits from an optional graduate project/dissertation in the Commerce discipline. Honours students who have not undertaken their graduate project shall complete two additional courses in the Commerce discipline, each comprising four credits.

4.3.3 Students aspiring to pursue research as a career may opt for the Honours with Research stream in the fourth year. A four-year B.Com Degree (Honours with Research) in Commerce shall be awarded to those who complete a specific number of courses totalling 177 credits, including 12 credits from a mandatory graduate research project/dissertation in the Commerce discipline.

5. PROGRAMME STRUCTURE

The B.Com Honours Programme shall consist of the following categories of courses:

- a) General Foundation Courses
- b) Discipline-Specific Pathway Courses and Capstone Components

Note: In the syllabus of a course with only theory component, there can be five modules. Out of these, one module of 20% content of the syllabus should be left as open-ended. Only a broad outline of the content of this module is given. The detailed content of this module can be decided by the individual instructor who teaches this module, and its evaluation can be completely done in the continuous assessment mode at the college. This module will not be included in the end-semester examination. The open-ended module in theory is not included in the course with practical / practicum component. In such courses a part of the practical / practicum component should have the open-ended nature. The syllabus of the open-ended module in each course shall be prepared by the faculty member teaching that course in an academic year, and it shall be prior-approved by the Department Council before it is taught in the class. A copy of the syllabus should be filed at the department, and it shall be submitted, if instructed by the University.

**MINIMUM CREDIT REQUIREMENTS OF THE DIFFERENT PATHWAYS
IN THE THREE-YEAR B.Com PROGRAMME (CUFYUGP)**

Sl. No .	Academic Pathway	Major	Minor/ Other Disciplines	Foundation Courses AEC: 4 MDC: 3 SEC: 3 VAC: 3	Intern -ship	Total Credits
		Each course has 4 credits		Each course has 3 credits		
1	Single Major (A)	68 (17 courses)	24 (6 courses)	39 (13 courses)	2	133
2	Major (A) with Multiple Disciplines (B, C)	68 (17 courses)	12 + 12 (3 + 3 = 6 courses)	39 (13 courses)	2	133
3	Major (A) with Minor (B)	68 (17 courses)	24 (6 courses)	39 (13 courses)	2	133
4	Major (A) with Vocational Minor (B)	68 (17 courses)	24 (6 courses)	39 (13 courses)	2	133
5	Double Major (A, B)	A: 48 (12 courses) B: 44 (11 courses)	- The 24 credits in the Minor stream are distributed between the two Majors. 2 MDC, 2 SEC, 2 VAC and the Internship should be in Major A. Total credits in Major A should be 48 + 20 = 68 (50% of 133) 1 MDC, 1 SEC and 1 VAC should be in Major B. Total credits in Major B should be 44 + 9 = 53 (40% of 133)	12 + 18 + 9	2	133

Minor Programmes

The minor courses in Commerce are designed to address the unique requirements of undergraduate Commerce students while also offering students from other disciplines the opportunity to explore and incorporate Commerce into their academic pursuits. Minor programs in Commerce often blend diverse fields of study, offering students a unique and holistic perspective on complex commercial matters. These interdisciplinary minor programs not only complement a student's primary Commerce major but also enrich their understanding of interconnected business dynamics. For instance, a minor in marketing seamlessly supplements a Commerce major by delving into consumer behaviour and advertising techniques. Similarly, pairing a major in commerce with a minor in entrepreneurship provides a dynamic synergy, equipping students with not only a robust understanding of business fundamentals but also the innovative mindset and practical skills needed to navigate the complexities of modern entrepreneurship. Such interdisciplinary exposure equips graduates with a versatile skill set that appeals to employers seeking well-rounded professionals. This diversified knowledge not only broadens career horizons but also

enhances job market competitiveness. By pursuing specialized interdisciplinary minors, students enhance their expertise in Commerce while exploring distinct facets of related disciplines. This multifaceted approach prepares graduates to navigate the complexities of modern business environments with confidence and adaptability, ultimately fostering their professional growth and success.

Within the Commerce umbrella, various Minor Programs provide distinctive academic pathways, each with its own unique identity.

1. Entrepreneurship Minor Program
2. Professional Accounting Minor Program
3. Financial Mastery Minor Program
4. Marketing Minor Program
5. Business Analytics and Intelligence Minor Program
6. Vocational Minor in Tourism Management

The minor programs offered are clearly distinct from the major discipline of Commerce. A brief outline of various minor programs offered is given below:

1. Entrepreneurship Minor Program

In the ever-changing economic environment of today, entrepreneurship stands as a key driver of innovation, economic expansion, and the creation of job opportunities. Understanding the significance of instilling an entrepreneurial mindset in students, a comprehensive minor program in entrepreneurship is structured into two streams: A1, Entrepreneurial Finance, and A2, Entrepreneurial Leadership. This program provides students with vital knowledge and skills essential for success in the realm of entrepreneurship. Highly relevant in the context of the modern economy, where innovation and agility are key drivers of success, the minor in entrepreneurship equips students with a solid understanding of entrepreneurship fundamentals, accounting and finance principles, financial strategies for start-ups, entrepreneurial marketing, leadership, and project management. Emphasizing practical application, the program offers projects and case studies that provide valuable insights into the challenges and opportunities associated with starting and managing a business venture. This practical exposure enhances students' problem-solving skills and instills confidence in their ability to apply theoretical concepts in real-life scenarios. Upon completion of the program, students are prepared to embark on their entrepreneurial journey, equipped with the necessary tools and knowledge to launch their own start-up or join an existing entrepreneurial venture. The entrepreneurship minor program also serves as a stepping stone for students interested in pursuing further studies in the field of entrepreneurship. Graduates can opt for specialized master's programs such as M.Com in Entrepreneurship or MBA in Entrepreneurship to deepen their understanding and expertise. Moreover, the program opens up avenues for research in the field of entrepreneurship, enabling students to explore emerging trends, innovative business models, and best practices.

2. Professional Accounting Minor Program

A comprehensive minor program in Professional Accounting is offered, aimed at providing students with vital skills and knowledge necessary for a thriving career in accounting and finance. Split into two groups, B1: Financial Reporting and B2: Cost and, this program establishes a strong footing in accounting principles, financial reporting standards, cost

analysis, and management methodologies. The courses within this program are designed to align with a range of professional certifications, including Chartered Accountancy (CA), Company Secretary (CS), Cost and Management Accountancy (CMA), Association of Chartered Certified Accountants (ACCA), and others, providing students with a solid academic foundation and preparing them for challenging exams and practical components of various professional certifications. In today's competitive job market, the program enhances students' employability by equipping them with practical knowledge and hands-on experience in financial reporting, cost analysis, and management accounting. Through case studies, projects, and assignments, students gain practical insights into the application of accounting principles and techniques in business settings, fostering critical thinking and problem-solving skills essential for success in the accounting profession.

3. Financial Mastery Minor Program

The Financial Mastery minor program is tailored to empower students with the necessary knowledge and skills to excel in the swiftly evolving convergence of finance and technology. It offers a holistic grasp of financial markets, essential investment principles, personal financial planning, contemporary banking practices, life insurance fundamentals, and the transformative impact of FINTECH. In today's digital age, the financial industry is experiencing a profound transformation propelled by technological innovation. This program's significance lies in its ability to cater to students from diverse academic backgrounds, including commerce and other allied disciplines, preparing them for careers not only in finance but also in technology or entrepreneurship. Regardless of their career path, students gain valuable insights and practical skills that are relevant across diverse industries. Moreover, this minor program serves as an excellent foundation for those intending to pursue advanced studies in finance or related fields like financial technology, business analytics, or entrepreneurship.

4. Marketing Minor Program

The Marketing minor program is designed to empower students with vital skills and knowledge essential for success in the dynamic realm of marketing and brand management. It offers a thorough comprehension of marketing basics, consumer behavior, digital marketing tactics, advertising, sales promotion, brand establishment, and logistics management. Open to students from diverse academic backgrounds, including commerce and other streams, its interdisciplinary nature enhances adaptability and prepares students for a wide range of career opportunities. Emphasizing practical experience, the program incorporates projects, case studies, and marketing games, providing valuable real-world exposure and enhancing students' employability with a competitive edge in the job market. Moreover, it serves as a strong foundation for postgraduate studies in commerce, management, or related fields, offering pathways to specialized master's programs like Master of Commerce (M.Com) in Marketing or Master of Business Administration (MBA) with a marketing focus. Additionally, it creates opportunities for further research in the field of marketing, catering to students interested in pursuing academic or industry-driven research initiatives.

5. Business analytics and Intelligence Minor program

The Business Analytics minor program aims to prepare students for success in the data-driven business realm by providing them with an in-depth understanding of crucial statistical concepts, data analytics techniques, business intelligence tools, and decision-making processes. In response to the growing industry demand for data-driven insights, this program equips students with the analytical skills and technical knowledge necessary to extract actionable insights from complex datasets, meeting the needs of businesses across various sectors in today's digital age. By emphasizing practical skills and hands-on experience through projects and case studies, the program enhances students' employability, making them attractive candidates for employers seeking individuals with strong analytical and problem-solving abilities. Additionally, it lays a strong foundation for further studies in business analytics or related areas within the commerce field, providing students with the essential skills and knowledge to excel in advanced academic and research pursuits.

6. Vocational Minor in Tourism Management

The vocational minor program in Tourism Management offers a comprehensive curriculum meticulously designed to meet the distinctive requirements of the local and global tourism industry. Covering a wide array of competencies including guest relations, event management, revenue management, and marketing strategies, the program focuses on advanced skills development, fostering the acquisition of a versatile skill set crucial for proficient hospitality management. Graduates of this program are not only prepared for dynamic career opportunities within Kerala's vibrant tourism sector but also primed for pursuing further studies and research in the field.

	4	COM8VN 302	Tourism Marketing	8	60	4	4	30	70	100

- (i). Students in the Single Major Pathway can choose course (s) from any of the Minor or Vocational Minor groups offered by a discipline other than their Major discipline.
- (ii). Students in the Major with Multiple Disciplines pathway can choose all three courses from any one of the Minor or Vocational Minor groups offered by a discipline other than their Major discipline as one of their multiple disciplines. If a Commerce student selects a Minor or Vocational Minor group offered by the Commerce department as the first of their multiple disciplines, their second discipline must be a Minor or Vocational Minor group from a different department. If students choose a Minor or Vocational Minor group from the Commerce department, the title of that group will be the title of the multiple disciplines. For example, if a Commerce Major student selects Group A1 of the Commerce department's Minor group among the multiple disciplines, the program will be titled B.Com Honours with Entrepreneurial Finance, along with the title of the second chosen group.
- (iii). Students in the Major with Minor pathway can choose all the courses from any two Minor groups offered by a discipline other than their Major discipline. Students on a major with a minor pathway can choose all courses from two minor groups within a specific minor program offered by the Commerce Department. B.Com Honours students have the option to select minor courses specifically offered by the Commerce Department as a separate discipline. The minor programs offered by the Commerce teaching departments are multidisciplinary in nature and have a distinct academic identity separate from the Commerce major. If a student selects

two minor groups within the same minor program offered by the Commerce teaching department, the title of the minor program will be one of the following options: (A) *Entrepreneurship*, (B) *Professional Accounting*, (C) *Financial Mastery*, (D) *Marketing*, or (E) *Business Analytics and Intelligence*.

(iv). Students in the Major with a Vocational Minor pathway can choose all the courses from any two Vocational Minor groups offered by a discipline other than their Major discipline. Tourism Management is considered a separate discipline, distinct from the Commerce major. If students choose any two Vocational Minor groups from the Commerce department, as mentioned above, the title of the Vocational Minor will be the combined group name of the Vocational Minor program. For example, (F) *Tourism Management*.

Total Credits for Three Years					133			3325
To continue to study Commerce in semesters 7 and 8, batch B1 (A2) needs to earn additional 15 credits in Commerce to make the total credits of 68. Suppose this condition is achieved, and the student of batch B1 (A2) proceeds to the next semesters to study Commerce. The course structure in semesters 7 and 8 is the same as for pathways 1 – 4, except that the number of the core and elective courses is in continuation of the number of courses in the two categories completed at the end of semester 6, taking into account the number of courses in Commerce taken online to earn the additional 15 credits.								

*The course code of the same course as used for the pathways 1 – 4

6. INTERNSHIP: GUIDELINES & PROCEDURES

6.1 Introduction

The internship Programme for B.Com Honours students is a vital component of the curriculum designed to provide practical exposure and experiential learning opportunities to complement the theoretical knowledge acquired during their academic studies. This Programme serves as a bridge between the classroom and the professional world, offering students a chance to gain hands-on experience in a real-world business environment. The internship experience will augment outcome based learning process and inculcate various attributes in a student in line with the graduate attributes defined by the University. It's essential for B.Com students to explore a variety of internship opportunities to gain diverse experiences, develop relevant skills, and explore different career paths within the commerce field.

6.2 The following are the objectives of Internship in B.Com Honours Programme:

1. Practical Application: Internships provide students with the opportunity to apply theoretical knowledge gained in their commerce studies to real-world business situations. This hands-on experience helps students understand how concepts learned in the classroom are applied in actual business settings.

2. Industry Exposure: Internships expose students to different sectors within the commerce discipline, such as banking, consulting, retail, e-commerce, and more. This exposure helps

students gain insights into various career paths and industries, allowing them to make informed decisions about their future careers.

3. Skill Development: Internships offer opportunities for students to develop and enhance essential skills relevant to the commerce discipline, including financial analysis, data interpretation, market research, strategic planning, communication, and teamwork. These skills are crucial for success in the competitive business environment.

4. Personal Growth: Internships offer opportunities for personal growth and development. Students often face new challenges and responsibilities during their internships, which help them, build confidence, resilience, and adaptability all essential qualities for success in the business world.

5. Career Exploration: Internships allow students to explore different career paths within the commerce discipline and gain a better understanding of their interests, strengths, and preferences. By working in various roles and industries, students can discover where their passions lie and make informed decisions about their future careers.

6.3 Students shall be provided with opportunities for internships with industries, business organizations, marketing firms, banks, investment firms, co-operatives, other financial institutions, insurance companies, hospitality industry, e-commerce firms, accounting firms, tax firms, consultancy organizations, government departments and agencies, NGOs, non-profit organizations, charitable institutions, academic research centers, media houses, advertising agencies, entertainment companies, startups and entrepreneurial ventures, professional associations, industry organizations etc. The opportunities for internships for students are not limited to the examples provided. In fact, there are numerous other sectors and specific organizations where B.Com students can find valuable internship experiences. These opportunities will enable the students to actively engage in the practical aspects of their learning and to improve their employability. This internship is expected to provide the students elements of experiential learning pertaining to Commerce.

6.4. Internship, Apprenticeship, etc. may require **sixty hours** of engagement for acquiring two credits.

6.5 The Internship carries 50 marks with 2 credits. The internship shall be completed before the commencement of Sixth Semester Class. Summer vacations and other holidays can be used for completing the Internship. A faculty member/ scientist/ instructor of the respective institution, where the student does the Internship, should be the supervisor of the Internship. The credits and marks for the Internship will be awarded only at the end of semester Six.

6.6. Guidelines for Report Submission

6.6.1 The students shall submit periodic working reports through online to the Faculty Guide in the Department. Faculty Guides are required to submit brief

report to the Head of the Department specifically showing whether the learning outcome through Internship is satisfactory / not satisfactory.

- 6.6.2 The students are required to submit a soft copy of draft report of Internship to the Faculty Guide within the stipulated date. Faculty Guide, after corrections and suggested changes, shall direct the students to submit the hard copy of the report in the prescribed format.
- 6.6.3 The Internship Report shall be typed in “Times New Roman” font by using 12 font size with 1.5 spacing. All chapter headings shall be in font size 14 in bold. All main headings shall be in font size 12 in bold and all sub-headings are to be in 12 font size.
- 6.6.4 Students must regularly have contacts with both the Internship Supervisor at the Internship Organization and the Faculty in charge on any matter related to their Internship.

6.6.5 Students must submit the Internship Report at the end of the Internship as per the schedule of the Department.

6.6.6 Students must maintain the Internship Diary by recording daily activities related to their practical experience. The Internship Diary must be produced to the Internship Coordinator for inspection weekly through online mode and submitted to the Department within one week from the end of the Internship.

6.6.7 Students must submit the Internship Report based on the work experience that they have gained through the Internship Programme at least two weeks prior to the schedule date of their Presentation and Viva.

6.6.8 Students must present themselves for the Presentation and Viva as notified by the Department.

6.6.9 The student must write a final report stating the general experience that she/he obtains during the Internship Programme and any specific knowledge and achievement made. The Internship Report should be submitted to the Department at the end of the Internship Programme. There is no specific format for the report but it should comprise of the following items.

6.6.10 Ensure that interns receive an internship certificate from the organization upon completion of the internship Programme.

6.7. Evaluation of Internship

6.7.1 The evaluation of internship shall be done internally through continuous assessment mode by a committee internally constituted by the Department Council.

6.7.2 The scheme of continuous evaluation and the end-semester viva-voce examination based on the submitted report shall be as given below:

Components of Evaluation of Internship	Weightage	Marks for Internship 2 Credits/ 50 Marks
--	-----------	---

Continuous evaluation of internship through interim presentations and reports by the committee internally constituted by the Department Council	40%	20
Institutional Visit	10%	5
End-semester viva-voce examination to be conducted by the committee internally constituted by the Department Council	35%	17
Evaluation of the day-to-day records and final report submitted for the end semester viva-voce examination by the committee internally constituted by the Department Council	15%	8

6.7.3 Criteria of awarding marks for Continuous evaluation of internship through interim Presentations and reports by the committee internally constituted by the Department Council

Criteria	Maximum marks
Timeliness	5
Quality of work	5
Adaptability	5
Problem solving skill	10
Total	25

6.7.4 Criteria for awarding marks for end-semester viva-voce examination to be conducted by the committee internally constituted by the Department Council

Criteria	Maximum marks
Quality of work	6
Application of Knowledge	6
Problem-Solving and critical thinking	5
Total	17

6.8 Participation in an Institute/Industry Visit or Study Tour is mandatory for completing the Internship Component of the B.Com Honours Programme. This involves visiting at least one nationally recognized institute, business organization, industrial site, or any other significant location pertinent to Commerce Education. A concise report detailing the study tour, accompanied by photos and analysis, must be submitted thereafter. The department council has the authority to grant exemptions to eligible students from participating in the study tour Programme based on valid reasons. In such instances, alternative project work may be assigned to these students for evaluation purposes.

7. Optional Project (For Honours Programme Only): Guidelines and Procedures

7.1 Introduction

The inclusion of a Project in a B.Com Honours Programme is essential for nurturing critical thinking, research skills, problem-solving abilities, and preparing students for future academic and professional endeavors. It serves as a cornerstone of academic excellence and contributes to the holistic development of students as scholars and future leaders in the field of commerce. Projects require students to critically analyze information, identify gaps in existing knowledge, and develop logical arguments. Engaging in project work fosters critical thinking skills, which are essential for success in both academic and professional contexts. In B.Com Honours Programme, the student has the option to do a Project of 12-credits instead of three Core Courses in Major in semester Eight. The Project in Honours Programme can be a short research work or an extended internship or a skill-based training Programme. There should be minimum 13 hrs./week of engagement (the hours corresponding to the three core courses in Major in semester Eight) from the teacher in the guidance of the Project(s) in Honours Programme.

7.2 Objectives of Project work:

1. To develop students' research skills such as formulating research questions, conducting literature reviews, designing research methodologies, collecting and analyzing data, and drawing valid conclusions.
2. To enhance students' critical thinking abilities. Through engaging in research, students learn to evaluate information critically, identify gaps in existing knowledge, and assess the validity and reliability of research findings.
3. To provide students with an opportunity to apply theoretical knowledge gained in their course to real-world research problems.
4. To develop students' communication skills, both oral and written. Students are required to effectively communicate their research findings through presentations, reports, and academic papers.
5. To encourage analytical skills by challenging students to analyze problems from multiple perspectives, evaluate alternative solutions, and make evidence-based decisions.
6. To come up with creative solutions to real-world problems or challenges faced by businesses. This fosters innovation and encourages students to think outside the box.

7.3 The following are the guidelines and procedures for the project work

- 7.3.1 It can be guided by any faculty member of the department. It can be done at the same institution or at any other HEI/ research centre. A faculty member of the respective institution, where the student does the Project, should be the supervisor of the Project.
- 7.3.2 The project proposal, the supervisor, and the institution where the student will undertake the project should be approved in advance by the department council.
- 7.3.3 Each student has to undertake a Project individually under the supervision of a teacher and submit the same following the guidelines stated below:

- 7.3.4 For the project, the student may choose any topic areas from the subjects they studied.
- 7.3.5 The candidate shall prepare and submit a project report to the Department.
- 7.3.6 The report shall be in the English Language, printed or typed (A4 size paper, 1.5 line spacing, Times New Roman font, font size 14), and spiral-bound. The project report may range from 1500 to 3000 words, depending on the complexity of the project and the depth of analysis required. The project report should be submitted to the Head of the Department one week before the last working day of the eighth semester, duly certified by the Guide.
- 7.3.7 Project work shall have the following stages:
- A. Project proposal presentation
 - B. Fieldwork and data analysis
 - C. Report writing
 - D. Draft project report presentation
 - E. Final project report submission
- 7.3.8 The supervisor shall keep a diary in which the chronological record of the student's visit to the supervisor for the project discussions shall be maintained. The work of each student shall be guided by one faculty member.
- 7.3.9 The candidate shall prepare at least two copies of the report; one copy for submission to the Department and another copy for the student which they have to bring with them at the time of viva voce. More copies may be prepared if the organization or the guide or both ask for.
- 7.3.10 A certificate showing the duration of the project work shall be obtained from the supervising teacher or from the organization for which the project work was done, and it shall be included in the project report.
- 7.3.11 The project report shall be subject to internal and external evaluation. Internal evaluation shall be carried out by the supervising teacher, and external evaluation is done jointly by the internal examiner and the external examiners appointed by the University inclusive of Viva-voce examination.
- 7.3.12 Submission of the Project Report and presence of the student for viva are compulsory for internal evaluation. No marks shall be awarded to a candidate if they fail to submit the Project Report for external evaluation.
- 7.3.13 The student should get a minimum of 40 % marks in the aggregate and 40% separately for external for pass in the project.
- 7.3.14 There shall be no improvement chance for the Marks obtained in the Project Report.
- 7.3.15 In the event of failing to obtain a minimum of 40% marks, students may redo the project work and resubmit the report along with subsequent exams through the department, following the existing rules of the University examinations.
- 7.3.16 The students shall submit periodic working reports to the Faculty Supervisors in the Institution. Periodic reviews and discussions are compulsory, and Faculty Supervisors are required to submit a brief report to the Head of the Department.
- 7.3.17 The students are required to submit a soft copy of the draft Project Report to the Faculty Supervisor before the cut-off date. Faculty Supervisors, after corrections and suggested changes, shall direct the candidates to submit the Report in the prescribed format.
- 7.3.18 The evaluation of the Report and Presentation shall be based on the criteria given in the evaluation format.

7.4 Evaluation of Optional Project

The B.Com Honours Programme project will be assessed for a total of 300 marks, with 90 marks allocated for internal evaluation and 210 marks for external evaluation.

Components of Evaluation of Project	Weightage	Marks for the Optional Project (Honours) 8 Credits/ 200 Marks
*Continuous evaluation of project work through interim presentations and reports by the committee internally constituted by the Department Council	30%	90
**End-semester viva-voce examination to be conducted by the external examiner appointed by the university	50%	150
***Evaluation of the day-to-day records and project report submitted for the end semester viva-voce examination by the external examiner	20%	60
Total	100%	300

INTERNAL EVALUATION OF OPTIONAL PROJECT

7.4.1 *Criteria for awarding marks for Continuous evaluation of project work through interim presentations and reports by the committee internally constituted by the Department Council

8. Research Project (For Honours with Research Programme Only): Guidelines and Procedures

8.1 Introduction

Students aspiring to pursue a research career may opt for the Honours with Research stream in the fourth year. A four-year B.Com Degree (Honours with Research) in the Major Commerce shall be awarded to those who complete the CUFYUGP with a specific number of courses totalling 177 credits, including 12 credits from a mandatory graduate research project/dissertation in their Major Commerce discipline. In the case of B.Com Degree (Honours with Research), in semester VIII, the student should earn 12 credits from a mandatory Research Project in the Major Commerce /allied discipline, guided by a faculty member with a Ph.D., at a recognized research centre of the University/any other university/higher educational institution or at a centre prior-approved by the University. In this case, one of the three courses (for the additional 12 credits) should be in research methodology. The approved research centres of this University or any other university/higher educational institution (HEI) can offer the B.Com Honours with Research Programme. There should be minimum 360 hrs. of engagement from the student in the Project work in Honours with Research Programme

8.2 Expected Outcomes of Research Project:

1. Enhanced Research Skills: Through the process of conducting a research project, students develop and enhance their research skills, including formulating research questions, conducting literature reviews, designing research methodologies, collecting and analyzing data, and drawing valid conclusions.

2. **Critical Thinking Abilities:** Engaging in research requires students to critically evaluate information, identify gaps in existing knowledge, and assess the validity and reliability of research findings. As a result, students develop and refine their critical thinking abilities.
3. **Application of Theoretical Knowledge:** Research projects provide students with an opportunity to apply theoretical knowledge gained in their coursework to real-world research problems. This helps reinforce their understanding of key concepts and theories in commerce and related fields.
4. **Communication Skills:** Students are often required to communicate their research findings effectively through presentations, reports, and academic papers. Engaging in a research project helps students develop both oral and written communication skills.
5. **Analytical Skills:** Research projects challenge students to analyze problems from multiple perspectives, evaluate alternative solutions, and make evidence-based decisions. This fosters the development of analytical skills that are valuable in both academic and professional contexts.
6. **Creative Problem-Solving:** Students are encouraged to come up with creative solutions to real-world problems or challenges faced by businesses. This fosters innovation and encourages students to think outside the box.
7. **Professional Development:** Successfully completing a research project in a B.Com Honours Programme demonstrates a student's ability to independently plan, execute, and report on a research study. This can enhance their resume and prepare them for future academic and professional endeavors.
8. **Contribution to Knowledge:** Depending on the scope and nature of the research project, students may contribute new insights or knowledge to their field of study. This can be particularly valuable for students considering further studies or careers in academia.

8.3 Detailed Guidelines and Procedures for the Research Project:

8.3.1 Students who secure 75% marks and above (equivalently, CGPA 7.5 and above) cumulatively in the first six semesters are eligible to get selected to Honours with Research stream in the fourth year. A relaxation of 5% in marks (equivalently, a relaxation of 0.5 grade in CGPA) is allowed for those belonging to SC/ST/OBC (non-creamy layer)/ Differently-Abled/ Economically Weaker Section (EWS)/ other categories of candidates as per the decision of the UGC from time to time. A faculty member of the University/College with a Ph.D. degree can supervise the research project of the students who have opted for Honours with Research. One such faculty member can supervise a maximum of five students in the Honours with Research stream in Commerce.

8.3.2 The maximum intake of the department for Honours with Research Programme is fixed by the department based on the number of faculty members eligible for project supervision, and other academic, research, and infrastructural facilities available. If a greater number of eligible students are opting for the Honours with Research Programme than the number of available seats, then the allotment shall be based on the existing rules of reservations and merits. The project proposal, the supervisor, and the institution where the student will undertake the project should be approved in advance by the department council.

8.3.3 In the case of a student enrolled in the B.Com Degree (Honours) or B.Com Degree (Honours with Research) Programme, who opts to conduct their project at another institution during semester VIII, they have the option to select all three courses (for an additional 12 credits) as online courses from the approved collection of online courses listed in these guidelines. Additionally, such a

student may choose to complete some or all of these three courses in person at the institution where they are conducting their project, provided that the institution allows it.

8.3.4 Each student has to undertake a Project individually under the supervision of a teacher and submit the same following the guidelines stated below:

8.3.5 For the Research project, the student may choose any topic areas belonging to Commerce or an allied discipline.

8.3.6 Students shall appear before the Department Council once every month to make a presentation of the progress of his/her work for evaluation and further guidance, and a progress report to be submitted to the Department.

8.3.7 The student shall make a pre-submission presentation of the research report in the Department. The pre-submission presentation shall be open to all faculty members and honours with research students, and the feedback and comments obtained from the participants may be suitably incorporated.

8.3.8 Research students are encouraged to publish research findings in approved journals. The publication of research findings is not mandatory.

8.3.9 The project report submitted for viva shall contain an undertaking from the research scholar and a certificate from the Research Supervisor attesting to the originality of the work.

8.3.10 The candidate shall prepare at least two copies of the Research report: one copy for submission to the Department and another copy for the student, which they have to bring with them at the time of viva voce. More copies may be prepared if the organization or the guide or both ask for.

8.3.11 The students shall submit periodic working reports to the Faculty Supervisors in the Institution. Periodic reviews and discussions are compulsory, and Faculty Supervisors are required to submit a brief report to the Head of the Department.

8.3.12 The students are required to submit a soft copy of the draft Project Report to the Faculty Supervisor before the cut-off date notified by the department. Faculty Supervisors, after corrections and suggested changes, shall direct the candidates to submit the final report in the prescribed format.

8.3.13 The project report shall be subject to internal and external evaluation. Internal evaluation shall be carried out by the supervising teacher, and external evaluation is done jointly by the internal examiner and the external examiner (an approved research supervisor) appointed by the University, inclusive of Viva-voce examination. Presentation is also required.

8.3.14 Submission of the Project Report and presence of the student for viva are compulsory for internal evaluation. No marks shall be awarded to a candidate if they fail to submit the Project Report for external evaluation.

8.3.15 The student should get a minimum of 40% marks in the aggregate and 40% separately for external for a pass in the project.

8.3.16 There shall be no improvement chance for the marks obtained in the Research Project Report.

8.3.17 In the event of failing to obtain a minimum of 40% marks, students may redo the research project work and resubmit the report along with subsequent exams through the department, following the existing rules of the University examinations.

8.3.18 The evaluation of the Report and Presentation shall be based on the criteria given in the evaluation format.

8.4 Evaluation of Research Project

Components of Evaluation of Project	Weightage	Marks for the Research Project (Honours with Research) 12 Credits / 300 Marks
*Continuous evaluation of project work through interim presentations and reports by the committee internally constituted by the Department Council	30%	90
**End-semester viva-voce examination to be conducted by the external examiner appointed by the university	50%	150
***Evaluation of the day-to-day records and project report submitted for the end semester viva-voce examination by the external examiner	20%	60

8.5. Additional guidelines for the Research Project:

1. Introduction and Overview:
 - Provide an introduction to the research project, including its purpose and objectives.
 - Outline the significance of the research topic within the field of commerce.
 - Provide an overview of the structure of the research project.
2. Research Proposal:
 - Develop a research proposal that outlines the research questions, objectives, methodology, and timeline for the project.
 - Include a literature review that summarizes existing research relevant to the chosen topic.
 - Specify the research methods and data collection techniques to be used.
3. Data Collection and Analysis:
 - Collect data using appropriate methods such as surveys, interviews, observations, or secondary data analysis.
 - Analyze the collected data using relevant statistical or qualitative analysis techniques.
 - Ensure the accuracy and reliability of the data analysis process.
4. Report Writing:
 - Prepare a comprehensive research report that includes sections such as:
 - Introduction
 - Literature review
 - Methodology
 - Results and findings
 - Discussion and analysis
 - Conclusion and recommendations

	<ul style="list-style-type: none"> Follow formatting guidelines for the report, including font size, spacing, and citation style.
5. Presentation:	<ul style="list-style-type: none"> Prepare a presentation of the research project to be delivered to the department. Summarize the key findings, analysis, and conclusions of the research project.
6. Submission and Evaluation:	<ul style="list-style-type: none"> Submit the research report and any accompanying materials according to the specified deadline. The research project may be subject to internal and external evaluation, including review by faculty members and external examiners. Evaluation criteria shall include the quality of the research proposal, methodology, data analysis, presentation, and overall contribution to knowledge in the field of commerce.
7. Finalization:	<ul style="list-style-type: none"> Make any necessary revisions to the research report based on feedback from evaluators.
8. Finalize the research project and submit the final copy of the report.	
9. Ethical Considerations:	<ul style="list-style-type: none"> Adhere to ethical guidelines for conducting research.
10. Documentation and Acknowledgment:	<ul style="list-style-type: none"> Include proper documentation of sources Follow citation guidelines to give credit to authors and sources appropriately.

9. EVALUATION SCHEME

- The evaluation scheme for each course contains two parts: internal evaluation (about 30%) and external evaluation (about 70%). Each of the Major and Minor courses is of 4-credits. It is evaluated for 100 marks, out of which 30 marks is from internal evaluation and 70 marks, from external evaluation. Each of the General Foundation course is of 3-credits. It is evaluated for 75 marks, out of which 25 marks is from internal evaluation and 50 marks, from external evaluation.
- The 4-credit courses (Major and Minor courses) are of two types: (i) courses with only theory and (ii) courses with 3-credit theory and 1-credit practicum.
 - In 4-credit courses with only theory component, out of the total 5 modules of the syllabus, one open-ended module with 20% content is designed by the faculty member teaching that course, and it is internally evaluated for 10 marks. The internal evaluation of the remaining 4 theory modules is for 20 marks.

- In 4-credit courses with 3-credit theory and 1-credit practicum components, out of the total 5 modules of the syllabus, 4 modules are for theory and the fifth module is for Practicum. The Practicum component is internally evaluated for 20 marks. The internal evaluation of the 4 theory modules is for 10 marks.
3. All the 3-credit courses (General Foundational Courses) in Commerce are with only theory component. Out of the total 5 modules of the syllabus, one open-ended module with 20% content is designed by the faculty member teaching that course, and it is internally evaluated for 5 marks. The internal evaluation of the remaining 4 theory modules is for 20 marks.

Sl. No.	Nature of the Course		Internal Evaluation in Marks (about 30% of the total)		External Exam on 4 modules (Marks)	Total Marks
			Open-ended module / Practicum	On the other 4 modules		
1	4-credit course	only theory (5 modules)	10	20	70	100
2	4-credit course	Theory (4 modules) + Practicum	20	10	70	100
3	3-credit course	only theory (5 modules)	5	20	50	75

1. MAJOR AND MINOR COURSES

1.1. INTERNAL EVALUATION OF THEORY COMPONENT

Sl. No.	Components of Internal Evaluation of Theory Part of a Major / Minor Course	Internal Marks for the Theory Part of a Major / Minor Course of 4-credits			
		Theory Only		Theory + Practicum	
		4 Theory Modules	Open-ended Module	4 Theory Modules	Practicum
1	Test paper/ Mid-semester Exam	10	4	5	-
2	Seminar/ Viva/ Case Study	6	4	3	-
3	Assignment/Project	4	2	2	-

	20	10	10	20*
Total	30		30	

* Refer the table in section 1.2 for the evaluation of Practicum component

1.2. EVALUATION OF PRACTICUM COMPONENT

The evaluation of Practicum component in Major and Minor courses is completely by internal evaluation.

- Continuous evaluation of Practicum by the teacher-in-charge shall carry a weightage of 50%.
- The end-semester Practicum examination and viva-voce, and the evaluation of Practicum records shall be conducted by the teacher in-charge and an internal examiner appointed by the Department Council.
- The process of continuous evaluation of Practicum courses shall be completed before 10 days from the commencement of the end-semester examination.
- Those who passed in continuous evaluation alone will be permitted to appear for the end-semester examination and viva-voce.

The scheme of continuous evaluation and the end-semester examination and viva-voce of Practicum component shall be as given below:

Sl. No.	Evaluation of Practicum Component of Credit-1 in a Major / Minor Course	Marks for Practicum	Weightage
1	Continuous evaluation of Practicum/ exercise performed in Practicum classes by the students	10	50%
2	End-semester examination and viva-voce to be conducted by teacher-in-charge along with an additional examiner arranged internally by the Department Council	7	35%
3	Evaluation of the Practicum records submitted for the end semester viva-voce examination by the teacher-in-charge and additional examiner	3	15%
Total Marks		20	

1.3. EXTERNAL EVALUATION OF THEORY COMPONENT

External evaluation carries 70% marks. Examinations will be conducted at the end of each semester. Individual questions are evaluated in marks and the total marks are converted into grades by the University based on 10-point grading system (refer section 5)

PATTERN OF QUESTION PAPER FOR MAJOR AND MINOR COURSES

Duration	Type	Total No. of Questions	No. of Questions to be Answered	Marks for Each Question	Ceiling of Marks
2 Hours	Short Answer	10	8 – 10	3	24
	Paragraph/ Problem	8	6 – 8	6	36
	Essay	2	1	10	10
Total Marks					70

Question paper setters have the option to include case studies (specifically related to course of study) in the essay questions for both minor and major courses.

4. GENERAL FOUNDATION COURSES

- All the General Foundation Courses (3-credits) in Commerce are with only theory component.

4.1. INTERNAL EVALUATION

Sl. No.	Components of Internal Evaluation of a General Foundation Course in Commerce	Internal Marks of a General Foundation Course of 3-credits in Commerce	
		4 Theory Modules	Open-ended Module
1	Test paper/ Mid-semester Exam	10	2
2	Seminar/ Viva/ Quiz	6	2
3	Assignment	4	1
Total		20	5
		25	

4.2. EXTERNAL EVALUATION

External evaluation carries about 70% marks. Examinations will be conducted at the end of each semester. Individual questions are evaluated in marks and the total marks are converted into grades by the University based on 10-point grading system (refer section 5).

PATTERN OF QUESTION PAPER FOR GENERAL FOUNDATION COURSES

Duration	Type	Total No. of Questions	No. of Questions to be Answered	Marks for Each Question	Ceiling of Marks
1.5 Hours	Short Answer	10	8 – 10	2	16
	Paragraph/ Problem	5	4 – 5	6	24
	Essay	2	1	10	10

Total Marks	50
-------------	----

5. LETTER GRADES AND GRADE POINTS

- Mark system is followed for evaluating each question.
- For each course in the semester letter grade and grade point are introduced in 10-point indirect grading system as per guidelines given below.
- The Semester Grade Point Average (SGPA) is computed from the grades as a measure of the student's performance in a given semester.
- The Cumulative GPA (CGPA) is based on the grades in all courses taken after joining the Programme of study.
- Only the weighted grade point based on marks obtained shall be displayed on the grade card issued to the students.

LETTER GRADES AND GRADE POINTS

Sl. No.	Percentage of Marks (Internal & External Put Together)	Description	Letter Grade	Grade Point	Range of Grade Points	Class
1	95% and above	Outstanding	O	10	9.50 – 10	First Class with Distinction
2	Above 85% and below 95%	Excellent	A+	9	8.50 – 9.49	
3	75% to below 85%	Very Good	A	8	7.50 – 8.49	
4	65% to below 75%	Good	B+	7	6.50 – 7.49	First Class
5	55% to below 65%	Above Average	B	6	5.50 – 6.49	
6	45% to below 55%	Average	C	5	4.50 – 5.49	Second Class
7	35% to below 45% aggregate (internal and external put together) with a minimum of 30% in external valuation	Pass	P	4	3.50 – 4.49	Third Class
8	Below an aggregate of 35% or below 30% in external evaluation	Fail	F	0	0 – 3.49	Fail
9	Not attending the examination	Absent	Ab	0	0	Fail

- When students take audit courses, they will be given Pass (P) or Fail (F) grade without any credits.
- The successful completion of all the courses and capstone components prescribed for the three-year or four-year Programme with 'P' grade shall be the minimum requirement for the award of B.COM Degree or B.COM Degree (Honours) or B.COM Degree (Honours with Research), as the case may be.

5.1. COMPUTATION OF SGPA AND CGPA

- The following method shall be used to compute the Semester Grade Point Average (SGPA):

The SGPA equals the product of the number of credits (C_i) with the grade points (G_i) scored by a student in each course in a semester, summed over all the courses taken by a student in the semester, and then divided by the total number of credits of all the courses taken by the student in the semester,

$$\text{i.e. SGPA } (S_i) = \sum (C_i \times G_i) / \sum (C_i)$$

where C_i is the number of credits of the i^{th} course and G_i is the grade point scored by the student in the i^{th} course in the given semester. Credit Point of a course is the value obtained by multiplying the credit (C_i) of the course by the grade point (G_i) of the course.

$$SGPA = \frac{\sum \text{of the credit points of all the courses } \in \text{ a semester}}{\text{Total credits } \in \text{ that semester}}$$

ILLUSTRATION – COMPUTATION OF SGPA

Semester	Course	Credit	Letter Grade	Grade point	Credit Point (Credit x Grade)
I	Course 1	3	A	8	3 x 8 = 24
I	Course 2	4	B+	7	4 x 7 = 28
I	Course 3	3	B	6	3 x 6 = 18
I	Course 4	3	O	10	3 x 10 = 30
I	Course 5	3	C	5	3 x 5 = 15
I	Course 6	4	B	6	4 x 6 = 24
	Total	20			139
	SGPA				139/20 = 6.950

- The Cumulative Grade Point Average (CGPA) of the student shall be calculated at the end of a Programme. The CGPA of a student determines the overall academic level of the student in a Programme and is the criterion for ranking the students.

CGPA for the three-year Programme in CUFYUGP shall be calculated by the following formula.

$$CGPA = \frac{\sum \text{of the credit points of all the courses} \in \text{six semesters}}{\text{Total credits} \in \text{six semesters} (133)}$$

CGPA for the four-year Programme in CUFYUGP shall be calculated by the following formula.

$$CGPA = \frac{\sum \text{of the credit points of all the courses} \in \text{eight semesters}}{\text{Total credits} \in \text{eight semesters} (177)}$$

- The SGPA and CGPA shall be rounded off to three decimal points and reported in the transcripts.
- Based on the above letter grades, grade points, SGPA and CGPA, the University shall issue the transcript for each semester and a consolidated transcript indicating the performance in all semesters.
- All courses, including major, minor, vocational minor, multidisciplinary, skill enhancement, and value-added courses (only for the double major program) designed and listed by the BoS of Commerce shall be taught by qualified Commerce faculty.

Comprehensive Syllabi: Various Courses

MAJOR COURSES

Course Code	COM1CJ101				
Course Title	MANAGEMENT PRINCIPLES AND APPLICATION				
Type of Course	Major				
Semester	1				
Academic Level	100-199				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3		2	75
Pre-requisites	A basic foundation in subjects like business studies, economics and business related courses can be useful.				
Course Summary	This course covers a broad range of topics related to planning, organizing, leading and controlling within organisations. The course aims to equip students with the knowledge and skills necessary for effective management in a variety of organizational settings.				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category	Evaluation Tools used
CO1	Gain a comprehensive understanding of the fundamental principles and theories of management	U	C	Examinations/Review /Quizzes/ Assignment/Seminar/Practicum
CO2	Apply management concepts to real-world business situations and cases	Ap	P	Examination/ Assignment/ Seminar/Practicum Case study
CO3	Demonstrate proficiency in using relevant management tools and techniques for decision-making and problem-solving.	Ap	P	Project Case study
CO4	Recognize and address ethical challenges in management and also understand the social responsibilities of organizations and managers	E	P	Examinations Seminar/Debate Project Case study
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive				

Module	Unit	Content	Hrs	Marks 70
I	Introduction to Management		11	17
	1	Concept of Management- Nature-Significance- Functions of Management: Planning, Organizing, Leading, Controlling	2	
	2	Evolution of Management Theories -Contributions of Henry Fayol and F.W Taylor	2	
	3	Major Contributions of Elton Mayo, Mary Parker Follet and C.K Prahlad	2	
	4	Planning-Types of Plans-Planning Process-Challenges in Planning	2	
	5	Decision Making Process- M.B.O-Strategies for effective decision making and problem solving	2	
	6	Managerial roles (Mintzberg) and competencies	1	

II		Organizing	8	15
	7	Organizing-Steps-Organizational Structure	2	
	8	Factors affecting organisational design- An Overview of Contemporary Organisational Designs	2	
	9	Departmentalization-Authority and Responsibility	2	
	10	Delegation of authority and decentralisation-Span of Management	2	
III	Leadership and Motivation		13	20
	11	Concept of Leadership- Leadership Traits	1	
	12	Leadership Theories- Trait Theory, Behavioral Theory, Contingency Theory	2	
	13	Leadership styles- Authoritarian Leadership, Democratic Leadership, Laissez-Faire Leadership	1	
	14	Communication in Organizations-Importance of Effective Communication-Barriers to Communication and Strategies to Overcome them-Interpersonal Communication Skills	2	
	15	Concept of Motivation –Characteristics	1	
	16	Maslow's Hierarchy of Needs, Herzberg's Two-Factor Theory, Mc Gregor's Theory X and Theory Y- Contemporary Theories of Motivation – Reinforcement Theory –Expectancy Theory	2	
	17	Methods of Employee Motivation-Techniques for Self-motivation and Goal Persistence	2	
	18	Controlling- Control Process	1	
	19	Types of Control Mechanisms- Management By Exception	1	
IV	Contemporary Themes in Management		13	18
	15	Conflict Management-Definition and Types of Conflict-Sources of conflict	2	

		within groups- Communication Skills for Conflict Management		
	16	Conflict Resolution Strategies (e.g., negotiation, mediation, arbitration)- Managing and Leveraging Constructive Conflict	2	
	17	Crisis Management and Resilience-Strategies for managing crises and disruptions	2	
	18	Crisis Preparedness and Response Strategies	1	
	19	Principles and Practice of Inclusive Leadership	2	
	20	Business Ethics-Features- Principles of Business Ethics	2	
	21	Factors affecting Business Ethics- Business Ethics at workplace-Ethics Management	2	
	Practicum: It is recommended to conduct the following practical exercises.			
V	1	Recommended to conduct the following: Case Studies: Present a hypothetical business scenario and encourage students to apply management theories to solve problems.	30	
	2	Group project: 1. Design a new Business Plan 2. Conduct interviews with managers from different industries. Students can prepare questions and gain first-hand knowledge about managerial roles and responsibilities.		
	3	Management Game: Develop a management game that allows students to make decisions in a dynamic business environment.		
	4	Conduct Workshops: Implement leadership development activities such as team building exercises		
	5	Group Discussion, Seminar, Debate : Encourage students to discuss ethical decision-making in various managerial contexts.		
	6	Institutional Visits: Organize visits to companies or organizations to observe management practices in action and prepare a report about it.

Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	A basic understanding about various concepts, principles and conventions about financial accounting				
Course Summary	This course provides an introduction to the principles and concepts of financial accounting. Students will learn how to prepare branch accounts, and statement of non-profit organisation and joint stock companies.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Build a strong foundation on theories, principles, practices and regulatory framework of accounting	U	C	Examinations / Quiz/ Assignment
CO 2	Prepare and analyze financial statements, including the income statement and balance sheet	An	P	Examinations/ Mini Project / Practical Exercises
CO 3	Effectively communicate and present accounting data, issues, plans and decisions	Ap	P	Examination Presentation / Group Work Case analysis
CO 4	Demonstrate analytical and critical thinking required for the preparation of final accounts and business decision-making	Ap	P	Examination Assignments/projects
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Introduction to the Single entry system		11	15
	1	Single Entry System of Accounting: Definition – Objectives - Advantages- Limitations	2	
	2	Distinction between Double entry and Single entry- Types of Single entry	2	
	3	Determination of Profit or Loss under single entry- Statement of Affairs/ Capital comparison method (with Practical Problems)	3	
	4	Distinction between Balance Sheet and Statement of Affairs- Distinction between Profit and loss account and Statement of Profit and Loss- Conversion method	4	
II	Accounting for Branches		11	15

	5	Branch Accounts-Objectives-features and types	3	
	6	Accounting for branches keeping full system of accounting-Debtor system, Stock and debtor system.	4	
	7	Independent branches- Cash in transit and Goods in transit	4	
III	Preparation of Financial statements of Not for Profit Organisation		12	20
	8	Preparation of Receipts and Payments account	4	
	9	Preparation of Income and Expenditure account	4	
	10	Preparation of Balance Sheet	4	
IV	Preparation of Final Accounts of Joint stock companies (As per Schedule III of Companies Act)		11	20
	11	Ind. AS / IFRS complied Financial Statements of Companies (Ind AS1):	5	
	12	Preparation of final accounts under new format (SOPL, SOFP, SOCE, Notes – excluding SOCF)	6	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Recommended to implement the following: Assign problem solving exercises that require students to apply accounting principles to analyse transactions and prepare financial statements		
	2	Utilize accounting software to facilitate learning and provide students with practical experience using industry-standard tools		
	3	Arrange visits to business or accounting firms to discuss how financial accounting principles are applied in real business settings and prepare a report about it.		
	3	Conduct at least two Case Studies relating to the Course Example: The students may be directed to analyse recent news scandals related to financial reporting and ask them to prepare a report about it.		
	4	Course Project Example: 1. Collect data from any nearby non-profit organisation including clubs and prepare a receipt and payment account. 2. Collect and examine the balance sheets of business organisation to learn how these are prepared.

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Accounting of Shares and Debentures		11	15
	1	Shares – Introduction - Issue of Shares - Equity Shares - Preference Shares – Issue at Par, Premium and Discount	4	
	2	Calls in Arrears- Calls in Advance– Forfeiture (theory only)	2	
	3	Debentures – Introduction -Types- Issue of Debentures	5	
II	Accounting of bonus and rights issue- Buyback of shares- Redemption of preference shares		11	15
	4	Redemption of Preference Shares–Provisions of Companies Act	4	
	5	Capital Redemption Reserve – Minimum Fresh Issue	4	
	6	Bonus issue – Rights issue	3	
III	Consolidated Financial Statements (Ind AS 110)		11	20

	7	Group Companies and Group Structures– need for consolidation – Calculation of pre-acquisition Calculation of profit- post-acquisition profit-)	3	
	8	Calculation of Non-Controlling Interest – Calculation of Cost of Control (Goodwill) or Capital Reserve	4	
	9	Preparation of Consolidated Balance Sheet (simple problems only)	4	
IV	Accounting of Banking and Life Insurance Companies		12	20
	10	Meaning of banking- Slip system of ledger posting- Important terms used- Revenue recognition in banks- Rebate on bills discounted with problems- Interest on doubtful debts with problems- Non-Performing Assets- Classification- Provisions for NPA (simple problems)	7	
	11	Meaning of life insurance- Features- Types of life insurance- Important terms used- Calculation of Life fund with problems- Valuation balance sheet.	5	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Recommended to conduct the following: Seminar / Group discussions / Assignments on practical problems related to the first four modules of the course		
	2	Using excel to perform hands-on exercises and analyse financial data		
	3	Conduct at least two Case Studies relating to the Course		
	4	Assign group projects where students work together to analyse a company's financial statements, evaluate its financial performance and make recommendations.		
	5	Course Project Example: 1. Prepare a report about the non-performing assets of banks 2. Examine the real consolidated balance sheets of various companies and prepare a report about it. Implement regular quizzes, assignments, and exams to assess students understanding of corporate accounting concepts <i>The practical exercises may cover a range of corporate accounting topics, allowing students to apply their knowledge to real-world situations</i>

	4	3	-	2	75
Pre-requisites	A basic understanding about various concepts of companies and its management				
Course Summary	This course aims to equip students with a comprehensive understanding of the legal and regulatory environment in which corporations operate.				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Develop a comprehensive understanding of the legal and regulatory frameworks governing corporations.	U	C	Examinations Quizzes/ Assignment
CO 2	Develop skills to identify, interpret, and adhere to relevant laws and regulations.	An	P	Examinations Project Case analysis
CO 3	Evaluate the role of corporate law in protecting stakeholders' interests, including creditors, employees, consumers, and the public	E	P	Debate Case analysis Examination
CO 4	Develop the ability to make ethical decisions within the legal framework..	E	P	Debates/Discussions Practical exercises
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)				

Module	Unit	Content	Hrs	Marks
I		Introduction to Companies Act 2013	10	15
	1	Companies Act 2013-Objects – Features of the Act	2	
	2	Meaning and definition of company-Features	2	
	3	Kinds of Companies - Private company - Public company - Associate company - Dormant company - Government company - One person company -Small company- Producer company - LLP	5	
	4	Lifting of corporate veil	1	

Module	Unit	Content	Hrs	
II		Formation of Companies	15	20
	5	Promotion - Role of promoters - Incorporation - Capital subscription - Commencement of business - Pre-incorporation and provisional contracts.	3	
	6	Document of companies: Memorandum of Association - Contents and alteration - Doctrine of Ultravires	2	
	7	Articles of Association - Contents and alteration - Distinction between Memorandum and Articles - Constructive notice of Memorandum and Articles - Doctrine of Indoor management -	2	
	8	Prospectus - Contents - Liabilities for misstatement.	2	
	9	Share capital-Public issue of shares- book building-listing of shares	2	
	10	Share certificate and share warrant- buyback of shares-	2	
	11	Dematerialization and rematerialization of shares-transfer and transmission of shares	2	
		III Management of Companies	10	15
	12	Board and Governance – Directors- Appointment – Types of Directors- Position	4	
	13	Powers of Directors- Rights - Duties and Liabilities - Qualification - Disqualification - Removal - Key Managerial Personnel	4	
	14	Introduction to Corporate Governance - Need and importance of Corporate Governance.	2	
		IV Company Meetings and Winding up	10	20

	15	Company Meetings-Requisites of a valid meeting - Statutory meeting - Annual general body meeting - Extra ordinary meeting - Board meetings - Resolutions - Types	4	
	16	Company Secretary : Qualification - Appointment - Duties	1	
	17	Winding up : Meaning - Modes of winding up - Winding up by Tribunal - Members' voluntary winding up - Creditors' voluntary winding up	4	
	18	Liquidator: Powers - Duties and liabilities -Consequences of winding up	1	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	Role playing: Simulate a shareholder meeting scenario and assign students specific roles, such as executives, board members, and shareholders, to understand the regulatory aspects of these meetings			
	Provide case studies relating to governance issues and ask students to assess the governance structures and recommend improvements based on regulatory guidelines			
	Organizing site visits to regulatory agencies or corporate headquarters that allows students to observe first-hand experience on how regulations are enforced, governance practices are implemented in organisation and prepare a report about it.			
	Assigning group projects that require students to analyze specific corporate regulations, compliance requirements in corporate sector			
	<i>The practical exercise may cover a range of corporate regulatory topics, providing students with opportunities to analyze, interpret, and implement regulatory requirements in a corporate context</i>

Course Title	APPLIED COSTING AND CONTROL				
Type of Course	Major				
Semester	IV				
Academic Level	200-299				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	A basic understanding about the concept of cost accounting.				
Course Summary	This course aims to equip students with practical skills in applying cost accounting concepts to real-world business situations. Various applied cost accounting techniques such as job costing, batch costing, process costing and standard costing etc are included.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Develop a comprehensive understanding of fundamental cost concepts and costing techniques	U	C	Examinations Practical exercises
CO 2	Demonstrate proficiency in various costing methods	Ap	P	Seminar Assignment Examination Project
CO 3	Evaluate the effectiveness of cost control measures and identify opportunities for cost reduction and process improvement.	E	P	Project Assignment Examinations
CO 3	Communicate and present various statements related to cost and enhancing the strategic decision-making skills.	Ap	P	Assignments Examinations Project
CO 4	Demonstrate the analytical and critical thinking ability with regard to cost accounting	An	P	Project Case study Examinations
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C)				

- Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks 70
I	Overview of Cost Accounting		10	15
	1	Cost Accounting: Basic Concepts, Objectives, Scope, Relevance, Limitations	2	
	2	Elements of Cost: Material, Labour, Overheads	2	
	3	Cost Unit, Composite Cost Unit, Cost Object, Cost Centre, Profit Centre, Investment Centre	2	
	4	Cost sheet, its purpose, and step-by-step procedure for its preparation.	4	
II	Specific Order Costing		15	20
	5	Job Costing: Concepts, Accounting Procedure	3	
	6	Batch Costing: Concepts, Accounting Procedure	3	
	7	Economic Batch Quantity	2	
	8	Contract Costing: Concepts, Determination of Profit or Loss on Contracts	4	
	9	Cost plus contracts - Escalation Clause -Sub-contracts.	3	
III	Process Costing		10	20
	10	Process Costing: Features, Treatment of Process Losses and Abnormal Gain, Computation	3	
	11	Joint Products and By-Products	3	
	12	Methods of Apportioning Joint Costs, Equivalent Production	2	
	13	Service Costing: Concept, Features, Composite Cost Unit, Service Costing applied on Transport	2	
IV	Cost Control		10	15
	14	Standard Costing: Concept, Difference between Standard Cost and Estimated Cost	2	
	15	Historical Costing Vs. Standard Costing, Constituents of Standard Cost	2	
	16	Analysis of Variance (Materials only – Quantity, Price, Cost, Mix, and Yield)	3	
	17	Types of Budget: Flexible Budget and Master Budget, Performance Budgeting and Zero-based Budgeting (Theory only)	3	
V	Practicum: It is recommended to conduct the following practical exercises		30	
		Recommended to conduct the following:		

	1	Practical assignments based on the first four modules of the course		
	2	Organizing field visits to manufacturing units to allow students to observe costing and control practices in action and prepare a report about it.		
	3	Conduct a case study related to the course: Example: Present a case study involving a process manufacturing industry and direct students to prepare a process cost report.		
	4	Use Excel software to calculate costs, conduct variance analysis, and create financial reports.		
	5	Problem based learning: Present students with business cases that require them to apply cost accounting principles to solve specific challenges and encourage students to work through the problems collaboratively, discuss their solutions, and justify their reasoning.		
	6	Group Project: Assign group projects that require students to analyze cost structures, propose cost-saving initiatives for hypothetical companies.

Course Code	COM4CJ205				
Course Title	BUSINESS STATISTICS				
Type of Course	Major				
Semester	IV				
Academic Level	200-299				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	A basic understanding on fundamental statistical tools of analysis.				

Course Summary	This course aims to develop students with a strong foundation in business statistics and the ability to apply statistical techniques to solve practical business problems. Various statistical tool such as correlation, regression, set theory, theoretical distribution are covered under this study.
----------------	---

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Develop a solid understanding of basic statistical concepts and tools of analysis	U	C	Examinations Assignments project
CO 2	Apply appropriate statistical techniques to summarize and analyze data sets, including measures of central tendency, variability, and correlation.	Ap	P	Examinations Project Assuagement
CO 3	Develop the ability to interpret descriptive and inferential statistics to draw meaningful conclusions.	Ap	P	Practicum Assignments Examination Project
CO 4	Critically evaluate the reliability and validity of statistical analyses and draw appropriate conclusions based on the results	An	p	Examinations Assignment Project Case study
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I		Introduction to Business Statistics	5	10
	1	Business statistics-concept-Definition-functions of business statistics	1	
	2	Statistical Methods, Descriptive Methods- Univariate, An overview of Bivariate and Multivariate Methods-Inferential Methods- An overview of Estimates and Hypothesis Testing	4	
II		Correlation and Regression Analysis	12	20
	3	Correlation-Definition- Karl Pearson's co-efficient of correlation-Rank Correlation	5	

	4	Regression – Types- Determination of simple linear regression	7	
III	Set Theory		13	20
	5	Set Theory - Venn Diagrams	3	
	6	Probability: Concept of probability – Meaning and Definition- Approaches to probability-conditional probability	3	
	7	Theorems of Probability- Addition Theorem- Multiplication Theorem	4	
	8	Permutation and Combination	3	
IV	Theoretical Distribution		15	20
	9	Basic assumptions and characteristics of theoretical distribution.	1	
	10	Probability distribution- Fitting of the probability distribution	4	
	11	Binomial distribution- Fitting of binomial distribution	3	
	12	Poisson distribution - Fitting of Poisson distribution	3	
	13	Normal distribution - Features and properties - Standard normal curve	4	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Case studies of Practical application of descriptive and inferential statistics		
	2	Practical problems related of correlation and regression Example: Assign a project where students collect data and perform simple linear regression analysis		
	3	Construction of Venn diagram		
	4	Practical problems of permutation and combination.		
	5	Practical applications of probability theories with the help of business case studies. Group work: Encourage students to work collaboratively, present their findings, and discuss the practical applications of statistical methods in various business contexts.

Course Code	COP5CJ301				
Course Title	INCOME TAX LAW AND ACCOUNTS				
Type of Course	Major				
Semester	V				
Academic Level	300-399				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	Understanding basic accounting principles, such as debits and credits, financial statements provide a solid foundation for learning about income tax.				
Course Summary	This course aims to provide a comprehensive understanding of income tax principles and practices, equipping the students with the knowledge and skills necessary to navigate the complexities of the tax system				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Demonstrate a basic understanding of the theories and practices of Income Tax	U	C	Internal Examinations/Review Questions/Quizzes/ Assignment/Seminar/External Examinations
CO 2	Shows the skill to calculate the taxable income from Salary, House Property, and Profit and Gains of Business or Profession	Ap	P	Internal Examinations/Review Questions/Quizzes/ Assignment/Seminar/External Examinations/Practicum
CO 3	Interpret tax laws and regulations to address complex tax issues	An	C	Case study Assignment examinations

CO 4	Evaluate tax planning strategies to minimize tax liabilities for individuals and businesses within the bounds of legal compliance.	E	P	Project Examination
CO 5	Critically analyses and appreciates the importance of taxation	E	P	Debates/Discussions/Examinations
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)				

Module	Unit	Content	Hrs	Marks 70
I	Basic Concepts of Income Tax		10	15
	1	An introduction to income tax- History and Relevance of Income Tax	2	
	2	Basic Concepts and Definitions of Income Tax Act	1	
	3	Brief Outline of Income Tax Authorities in India	2	
	4	Exempted Incomes (List only)	1	
	5	Agricultural Income (Theory only)	1	
	6	Residential Status and Incidence of Tax of Individual	3	
		Income from Salaries	15	22
II	7	Meaning and Components of Salary	1	
	8	Allowances	2	
	9	Perquisites	3	
	10	Profit in lieu of salary	1	
	11	Provident Fund and tax implications	2	
	12	Deductions from Gross Salary under Section 16	1	
	13	Calculation of Income from Salary	2	
	14	Retirement benefit: Gratuity, Commuted pension, Earned leave salary, VRS compensation	3	
III	Income from House Property		10	13
	15	Introduction to House Property: Meaning of House Property, Annual Value, Exempted House Property Income	2	
	16	Calculation of Gross Annual Value	2	

	17	Calculation of Annual Value in different situations	2	
	18	Deductions under Section 24	2	
	19	Calculation of Income from House Property	2	
IV	Profit and Gains of Business or Profession		10	20
	20	Introduction: Meaning and Definition of Business and Profession, Incomes chargeable under this Head.	1	
	21	Allowed and Disallowed Expenses	2	
	22	General Deductions	1	
	23	Calculation of Income from Business	3	
	24	Calculation of Income from Profession	2	
	25	Provisions related to Depreciation	1	
	Practicum: It is recommended to conduct the following practical exercises		30	
V		Recommended to implement the following: Seminar / Group discussions / Assignments on practical problems related to the first four modules		
		Group work Example: Ask students to calculate depreciation using different methods and analyse the impact on taxable income		
		Conduct at least two Case Studies relating to the Course Example: Present a tax planning scenario for an individual or business and ask students to analyse the situation and recommend strategies to minimize tax liabilities.		
		Course Project Example: 1. Collect data from salaried persons or owner of a house property and calculate their income. 2. Collect and examine the profit and loss accounts of business organizations and calculate income from business. <i>The practical exercise should provide a holistic approach to learning income tax by combining theoretical knowledge with real-world applications.</i>

Course Title	MANAGEMENT ACCOUNTING				
Type of Course	Major				
Semester	V				
Academic Level	300 – 399				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	A basic understanding about various aspects of the financial statements and the role of financial statement analysis.				
Course Summary	This course aims to equip students with the necessary skills and knowledge to apply management accounting principles in various organizational contexts. This course explores various dimensions of Management Accounting tools such as ratio analysis, funds flow statement, cash flow statement and CVP analysis.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Develop a comprehensive understanding of the principles, concepts, and techniques of management accounting	U	C	Examinations / Quiz Assignment
CO 2	Evaluate alternatives and make recommendations based on relevant financial information.	E	P	Examinations/ Presentation / project

CO 3	Use management accounting information to monitor and control strategic initiatives.	Ap	P	Project / Case study
CO 4	Explore the role of management accountants in maintaining integrity and transparency	An	P	Debate Assignment / case study
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hours	Marks 70
I	Introduction to Management Accounting		8	10
	1	Concept of Management Accounting: Nature, Scope, and Functions	2	
	2	Financial Statement Analysis: Comparative Statements	2	
	3	Common Size Statements	2	
	4	Trend Analysis and its interpretation	2	
II	Ratio Analysis		13	25
	5	Ratio Analysis: Meaning, Nature, Uses, and Limitations of Ratios	2	
	6	Detailed study of liquidity, profitability, and turnover ratios, including industry benchmarks, peer comparisons, and implications for operational efficiency	4	
	7	Analysis of solvency, leverage, and market test ratios, exploring their significance in assessing long-term financial stability, and debt management	3	
	8	Construction of Financial Statements from Ratios, Judgment of Financial Stability through Ratios	4	
III	Fund Flow and Cash Flow Analysis		12	20
	9	Concept of Fund Flow Statement: Concept of Fund, Need, and Managerial Uses	2	
	10	Schedule of Changes in Working Capital, Fund from Operations	3	
	11	Preparation of Fund Flow Statements	3	

	12	Concept of Cash Flow Statement, Uses, Difference between Fund Flow and Cash Flow Statements, Preparation of CFS	4	
--	----	---	---	--

IV	CVP Analysis		12	15
	13	Concept of Marginal Costing, Fixed and Variable Costs, CVP Analysis	2	
	14	Contribution, P/V Ratio	2	
	15	Break Even Analysis- Margin of Safety	2	
	16	Construction of Break Even chart	2	
	17	Decision Making: Fixation of Selling Price, Exploring New Markets, Make or Buy, Key Factor, Product Mix, Operate or Shutdown	4	

Practicum: It is recommended to conduct the following practical exercises		
V	Recommended to conduct the following: 1.Seminar / Group discussions / Assignments on practical problems Relating to the first four modules of the course.	30
	2.Course Project	
	2.1 Assign a project involving the analysis of cost-volume-profit relationships	
	2.2 Assign projects where students compare the financial ratios of companies within the same industry and prepare report about it.	
	3.Conduct ratio analysis using excel software	
	4.Present students with business cases that require them to apply management accounting techniques to solve specific challenges and encourage students to work collaboratively to analyze the problems, develop solutions, and communicate their findings effectively. Example: Assign a case where students need to estimate costs and use CVP analysis to make strategic decisions and explore scenarios like pricing, Product mix, or discontinuing a product line

Course Code	COM6CJ305/ COM8MN321
Course Title	INCOME TAX AND GST
Type of Course	Major
Semester	VI
Academic Level	300-399

Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	A basic understanding of financial concepts, such as income, expenses, assets, liabilities, and equity, is important.				
Course Summary	This course gives the basic knowledge and understanding regarding the theory and practice of Income Tax & GST and intends to develop necessary skills to calculate tax liability of individual.				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Understand the fundamental concepts and terminology of income taxation and GST, including taxable income, deductions, exemptions, input tax credit, and tax rates.	U	C	Examinations /Quizzes/ Assignment/Seminar Project
CO 2	Analyze the structure and administration of income tax laws and GST regulations at the national and state levels	An	P	Assignment Examination Project
CO 3	Apply income tax laws and regulations to calculate individuals' and businesses' taxable income and determine their tax liabilities	Ap	P	Examination Project Assignment
CO 4	Evaluate tax planning strategies to minimize income tax liabilities and optimize GST compliance within legal boundaries.	E	P	Project Case study Examination
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)				

Module	Unit	Content	Hrs	Marks
				70

I	Capital Gains and Income from Other Sources		12	18
	1	Capital Gains -Capital Asset – Transfer – Long-term Capital Gain and Short-term Capital gain	2	
	2	Cost of Acquisition and Cost of Improvement	2	
	3	Calculation of Capital Gain	2	
	4	Exempted Capital Gain	1	
	5	Income from Other Sources	1	
	6	Deductions available from Income from other sources	1	
	7	Gift - Interest on Securities – Bond-washing Transaction	2	
	8	Calculation of Income from Other Sources	1	
II	Assessment of Individuals		13	20
	9	Deemed Income and Clubbing of Incomes-Important provisions	2	
	10	Set-off and carry forward of losses	2	
	11	Deductions in Computing Total Income	2	
	12	Computation of Total Income	2	
	13	Computation of Tax Liability of Individual under Old Regime and New Regime-AMT	2	
	14	Rebate and Relief of Tax-Advance Payment of tax-TDC-TCS	1	
		An overview of assessment procedure and Income Tax returns	2	
III	Introduction to Goods and Service Tax		10	20
	15	History and Relevance of GST -Basic Concepts related to GST – CGST, SGST, IGST-Principles of GST - Taxes Subsumed under GST	2	
	16	Important concepts and definitions under GST Act	1	
	17	Registration - Persons Liable for Registration - Compulsory Registration - Deemed Registration- Procedure for Registration - GSTIN - Cancellation of Registration	2	
	18	Levy and Collection of GST-Taxable event - Procedure relating to levy and collection of CGST & SGST - Place of supply-Exemption from GST	2	
	19	Classification of goods and services - Composite and mixed supplies - Concept of time and place of supply	2	
	20	Payment of GST - Rates of GST - Tax Deduction at Source - Collection of Tax at Source – Refunds	1	
IV	Input Tax Credit		10	12
	21	Cascading Effect of Taxation- Benefits of Input Tax Credit- Manner of claiming input tax credit in different situations	2	
	22	Recovery of Credit - Reversal of credit - Utilization of Input tax credit - Cases in which input tax credit is not available	2	
	23	GST Invoice, Debit and Credit Notes, E-Way Bills	2	
	24	GST council - GST authorities	2	

	5	An overview of various types of GST assessment	2	
	Practicum: It is recommended to conduct the following practical exercises		30	
V		Recommended to conduct the following: Seminar / Group discussions / Assignments A) Conduct debate on controversial GST issues. B) Provide sample transactions and ask participants to create invoices, considering different GST rates and categories		
		Demonstrating: Guide students through the online GST registration process.		
		Case study: Provide students with real-life case studies that involve computation of income tax under new and old tax regimes.		
		Course Projects: 1. Assign projects that involve tax planning for individuals 2. Visit any near-by business units and examine the GST filing process 3. Provide scenarios for businesses with varying turnovers and discuss the registration thresholds.

Type of Course	Major elective				
Semester	V				
Academic Level	300-399				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	4	-		60
Pre-requisites	Students should have a fundamental understanding of how to operate a computer, navigate through different operating systems				
Course Summary	Computer Applications in Business is a comprehensive course designed to equip students with the necessary skills and knowledge to effectively utilize computer technology in various business settings.				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Demonstrate a basic understanding regarding Computer Applications in Business	U	C	Examinations Assignment Seminar
CO 2	Shows the skill to create web sites using HTML	Ap	P	Project
CO 3	Critically analyses and appreciates the concepts of e-commerce and digital payment systems and the need for digital security	E	P	Examinations Assignment Project

* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C)
 # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P)
 Metacognitive Knowledge (M)

Detailed Syllabus

Module	Unit	Content	Hrs	Marks 70
I	Computer systems		15	15
	1	Computer Systems and web sites: Computer Network-Types of networks, LAN, WAN, MAN, PAN, BAN, SAN & CAN.	5	
	2	Business and web sites – introduction to web design – concepts – principles involved in developing a website - golden rules of web designing-page design-home page-web standards-Role of websites in a business	10	
II	HTML		15	20
	3	Elements of HTML- Basic structure of an HTML Document-creating an HTML Document-HTMLTags-working with text-working with Lists, Tables, Hyperlinks, images and multimedia- Cascading Style Sheet	10	
	4	Web publishing or hosting-creating the website-saving the site-working on the web site-themes-website for business growth	5	
III	E-Commerce & Digital payments		10	20
	5	E-Commerce, Business Models - B2B, B2C, B2G, C2C & B2E– Requirements of e-commerce website – Modes of delivery	5	
	6	Digital payments: USSD, NUUP, AEPS, UPI, Debitcard, Creditcard, pre-paid cards, Internet Banking, Mobile banking, e-wallets– POS Terminals, M-POS, V-POS.	5	
IV	Digital Security		8	15
	7	Security threats in Internet & e-Commerce, Virus & Trojan horses, Phishing, Hacking, Spyware-Security Measures, Antivirus, Firewall, Encryption	4	
	8	Bio-metrics–Precautions while using Internet & e-payments – IT Act, Major Provisions of IT Act.	4	
V	Open Ended Module		12	
	Practical applications using HTML - Web designing – Developing business websites using HTML		12

Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	4	-		60
Pre-requisites	Students should have a fundamental understanding of how to operate a computer, including skills such as navigating through different operating systems				
Course Summary	Office Automation Tools is a specialized course designed to equip students with the necessary skills and knowledge to efficiently utilize software applications that automate and streamline office tasks and processes.				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Demonstrate basic understanding regarding office automation software like MS Word, Excel, etc.	U	C	Examinations Assignment
CO 2	Shows the skill to use office automation software	Ap	P	Project Exam
CO 3	Critically analyses and appreciates the concepts of AI and its applications	E	P	Assignment Project Exam
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus: Office Automation Tools

Module	Unit	Content	Hrs	Marks
I		MS-Word	12	15

	1	MS-Word: Word Basics - Starting word - Creating a new document - Opening pre existing document - The parts of a word window - Typing text - Selecting text - Deleting text -Undo - Redo – Repeat- Inserting text - Replacing text - Formatting text - Cut - Copy -Paste - Formatting Text and Documents - Auto format - Line spacing - Margins - Borders and Shading.	3	
	2	Headers and Footers: Definition - Creating basic headers and footers - Tables - Creating table - Adding, changing, deleting rows - Inserting, changing, deleting column - Graphics - Importing graphics - Clipart - Insert picture - Clip Art Gallery - Drawing objects - Text in drawing.	4	
	3	Templates: Template types - Using templates - Exploring templates - Modifying templates - Macros: Record in macros - Editing macros - Running a macro -	2	
	4	Mail Merge: Mail Merge concept - Main document - Data sources - Merging data source and main document - Overview of word menu options - Word basic tool bar.	3	
II	MS EXCEL		18	20
	5	MS EXCEL: Electronic Spreadsheet – Creating and rearranging worksheet - Structure of spreadsheet and its applications to accounting, finance, and marketing functions of business - Creating a dynamic / sensitive worksheet - Concept of absolute and relative cell reference	8	
	6	Using built in functions – Mathematical, statistical and financial functions – Conditional formatting –filters- Charts – Pivot table and pivot chart - Goal seeking and solver tools - Sharing data with other desktop applications - Strategies of creating error free worksheet.	10	
III	Ms-Power Point		10	20
	7	Ms-Power Point: Power point - Basics - Terminology - Getting started - Views -Creating presentations - Using auto content wizard - Using blank presentation option -Using design template option - Adding slides Deleting a slide - Importing images from the outside world - Drawing in power point - Transition and build effects - Deleting a slide - Numbering a slide - Saving presentation - Closing	10	
IV	The Internet and its Basic Concepts		8	15
	8	The Internet and its Basic Concepts: Internet concept - History - Development in India - Technological foundation of internet - Distributed computing - Client-server computing - Internet protocol suite - Application of distributed computing - -	4	
	9	Artificial Intelligence and Chat GPT- AI Technology- Application of AI in Business -open AI Platforms – AI tools and prompting	4	
V	OPEN ENDED		12	
		Prepare tutorial videos for office automation tools (MS-Word, MS Excel and MS PowerPoint) Develop a mini-software using MS Excel for practical applications. Design various application forms and certificates using MS Word.	12

Course Code	COM2MN102				
Course Title	LEADERSHIP AND TEAM BUILDING				
Type of Course	Minor				
Semester	II				
Academic Level	100 - 199				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	Having basic knowledge of various concepts of Human Resource Management and Entrepreneurship				
Course Summary	This course explores deeper into leadership theory and practice successful leadership models. Simultaneously, students will learn to build teamwork skills as well. Teamwork depends on different, complementary points of view to seize hidden opportunities, overcome difficult obstacles, and achieve challenging objectives to reach a common goal. Although this course focuses on leaders, it provides anyone with more effective skills to succeed in corporate life.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Understand leadership theories, styles, and approaches.	U	C	Instructor-created exams / Quiz
CO 2	Apply team building skills through group collaboration.	Ap	P	Practical Assignment / Exam Observation of Practical Skills

CO 3	Apply leadership theories to real-world scenarios and case studies.	Ap	P	Seminar Exam Presentation / Group Tutorial Work
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)				

Detailed Syllabus:

Module		Content	Hrs	Marks 70
I		An overview of Leadership	12	15
	1	Leadership Basics-Definition and importance of leadership-Key features of effective leadership	2	
	2	Leadership Theories-Transactional, Transformational, Contingency, Situational, Great Man, Trait, Behaviorist theories	4	
	3	Styles of leadership- Democratic, Autocratic, Laissez-faire, Transformational, Transactional leadership	4	
	4	Importance of self-awareness in leadership	2	
II		Team Building	10	20
	5	Concept of team-Types of Team: Manager-led Teams, Self-managing Teams, Cross-functional Teams, Virtual Teams	2	
	6	Characteristics of effective teams in business-Barriers to teamwork and how to overcome them	2	
	7	Concept of team building-Guiding principles-Steps to building an effective team	2	
	8	Types of team-building activities-Core components of teamwork—Teamwork skills	2	
	9	Group dynamics and team work- Group cohesiveness	2	
III		Motivation and Goal Setting	12	20
	10	Theories of motivation (Maslow's Hierarchy of Needs, Herzberg's Two-Factor Theory, Self-Determination Theory)	2	
	11	Factors influencing motivation (biological, psychological, social)-The role of motivation in personal and professional life	2	
	12	Motivating teams and individuals in a workplace setting	2	
	13	Introduction to Goal Setting-Importance of goal setting Benefits of setting clear and achievable goals	2	
	14	Goal Setting Techniques-SMART criteria for goal setting (Specific, Measurable, Achievable, Relevant, Time-bound)	2	
	15	Strategies for overcoming obstacles and setbacks	2	
IV		Communication and Conflicts Resolution	11	15

	16	Communication skills in leadership-Effective communication strategies	2	
	17	Techniques for active listening and feedback	1	
	18	Concept of conflict resolution-Techniques for managing conflicts constructively	2	
	19	Ethical leadership principles	2	
	20	Digital leadership skills	2	
	21	Emerging trends in leadership and team building process	2	
V		Practicum: It is recommended to conduct the following practical exercises	30	
	1	Seminar/Group discussions/debate 1.The role of recognition and rewards in team motivation 2.The impact of technology on leadership styles		
	2	Role play/simulation training/ management game or any other hands-on training relating to leadership and team building process. 1.Create role-playing exercises that simulate workplace scenarios and assign different leadership roles and challenge students to respond to dynamic situations. 2.Conduct workshops focused on team-building exercises and activities.		
	3	Conduct at least two case studies: Design real or hypothetical leadership and team-building scenarios for analysis and encourage students to discuss and solve problems based on the cases.		
	4	Course Project 1. Organize industrial visit to understand the corporate culture and HR practices. 2. Use self-assessment tools to help students understand their leadership styles and develop action plans based on assessment outcomes for personal leadership development.		
	5	Outdoor team building activities: Plan team-building activities in an outdoor setting and explain the experiences to extract lessons applicable to teamwork and leadership.

Detailed Syllabus:

Module	Unit	Content	Hours	Marks 70
I	Fundamentals of Project Management		9	15
	1	Meaning, Characteristics, and Importance of Project Management -Key Characteristics of Projects-Importance in Modern Business Context	2	
	2	Classification of Projects, Need, and Significance-Types of Projects: Based on Size, Nature, Complexity-Understanding the Need for Project Management	2	
	3	Project Life Cycle Stages-Phases: Initiation, Planning, Execution, Monitoring & Controlling, Closure	2	
II	Project Appraisal		14	20
	4	Appraisal of Projects – Market Feasibility-Market Analysis Techniques-Assessing Market Potential and Demand	2	
	5	Technical Feasibility, Financial Feasibility - Feasibility Report -Technical Analysis and Evaluation	3	
	6	Financial Appraisal of a Project-Financial Statement Analysis	2	

		Capital Budgeting Techniques: NPV, IRR, Payback Period		
	7	Project Evaluation Techniques-Comparative Analysis Methods Sensitivity Analysis, Scenario Analysis	4	
	8	Project Implementation-Strategies for Effective Implementation	3	
III	Time, Cost and Quality Aspects		13	20
	9	Time Management - Developing Project Schedules-Work Breakdown Structure (WBS)-Critical Path Method (CPM) and Program Evaluation and Review Technique (PERT)	4	
	10	Cost Management - Estimating and Budgeting for Projects-Cost Estimation Techniques-Budget Preparation and Monitoring	3	
	11	Cost Control Strategies-Cost Control Techniques and Tools -Variance Analysis and Corrective Actions	2	
	12	Quality Management - Planning for Quality Assurance	2	
	13	Quality Control Measures-Quality Control Tools and Techniques -Continuous Improvement Strategies	2	
IV	Project Report		12	15
	14	Definition and Importance of Project Reports-Purpose and Significance	2	
	15	Types of Project Reports: Business Plans, Feasibility Studies, Progress Reports-Content and Structure	2	
	16	Methods of project reporting	4	
	17	General Principles of a Good Reporting System, Structure of a Project Report-Best Practices in Reporting-Components of a Comprehensive Project Report	4	
V	Open Ended Module		12	
	1. Advanced topics in Project Management 2. Case Studies: Design a case study of successful and unsuccessful projects, allowing students to identify key lessons from it.			
	3. Group project: Assign group projects where students work together to plan, execute, and review a project. For example, Prepare a funding proposal for establishing a new business venture in nearby locality.

MINOR COURSE GROUPING: (B) PROFESSIONAL ACCOUNTING

GROUP 3: FINANCIAL REPORTING

Course Code	COM1MN103				
Course Title	FUNDAMENTALS OF FINANCIAL ACCOUNTING				
Type of Course	Minor				
Semester	1				
Academic Level	100-199				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	It is beneficial to have a basic understanding of certain concepts related to business and also have certain basic mathematical and analytical skills				
Course Summary	This course demonstrates a solid understanding of the fundamental accounting principles and concepts. It helps to apply the principles of accounting to record financial transactions accurately.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Demonstrate a solid understanding of the fundamental accounting principles and concepts.	U	C	Instructor-created exams / Quiz Case study
CO 2	Prepare basic financial statements, including the income statement, balance sheet, and cash flow statement	Ap	P	Examination Assignment
CO 3	Describe the accounting system and demonstrate how it is used to record and report, common	E	P	Seminar Presentation / Group Tutorial

	business transactions			Work Examination
CO 4	Apply critical thinking to evaluate accounting scenarios and make informed decisions	An	P	Project Exam
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks 70
I	Accounting Fundamentals		11	10
	1	Meaning-Scope- Accounting Principles	3	
	2	Concepts and Conventions	4	
	3	Accounting Policies and Standards- Objectives	4	
II	Capital & Revenue		10	15
	4	Capital Receipts & Revenue Receipts	4	
	5	Capital Expenditure & Revenue Expenditure, Deferred Revenue Expenditure- Contingent Assets & Liabilities	4	
	6	Accounting Cycle	2	25
III	Recording Transactions		12	
	7	Rules for debit and credit	2	
	8	Traditional and modern approach- Double Entry Book Keeping	4	
	9	Primary Books, Subsidiary books	3	
	10	Bank reconciliation statement	3	
IV	Preparation of Final Accounts		12	20
	14	Preparation of Trial balance	4	
	15	Final Accounts of Sole Trader (with simple Adjustments related to closing stock, Outstanding/prepaid expenses, accrued income/ income received in advance)	8	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Group project: Assign group projects where students collaborate to solve accounting problems and prepare the financial statements.		
	2	Case study: Present case studies or scenarios that involve issues in accounting.		
	3	Field visit: Organize visits to businesses firms to give students a firsthand look at how financial accounting is applied in different industries.		

	4	Workshops: Conduct interactive workshops where students actively participate in discussions, problem-solving, and hands-on activities related to financial accounting.		
		Note: Teacher can select any methods of practical training suitable for this course. By incorporating practical teaching methods, teacher can create an engaging learning experience ensuring that students are well-prepared for real-world challenges in the field.

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I		Introduction to Cost Accounting	10	15
	1	Definition, Objectives, and Scope of Cost Accounting	2	
	2	Differentiate between cost accounting and financial accounting	1	
	3	Classification of Costs-Explore the various types of costs, such as fixed	2	

		costs, variable costs, direct costs, and indirect costs.		
	4	Methods and Techniques of Costing-job costing, process costing, and activity-based costing, along with relevant techniques.	2	
	5	Cost Centre and Cost Unit-Define cost centers and cost units and their significance in cost determination.	1	
	6	Installation of Costing System and Cost Accounting Standards-steps involved in setting up a costing system-an overview of cost accounting standards.	2	
II	Accounting and control of material cost		11	20
	7	Material Cost: Various Concepts to material costs, including procurement, storage, and usage.	2	
	8	Methods of Pricing Issue of Materials-FIFO,LIFO,Average Method, ABC analysis, VED analysis, FSN analysis, JIT system, and inventory control systems.	2	
	9	Material purchase procedure	1	
	10	Stores Management-principles of effective stores management, including layout, handling, and security.	2	
	11	Stock Level Determinations and Economic Order Quantity (EOQ)-techniques for determining optimal stock levels and EOQ model.	2	
	12	Materials Losses and Accounting Treatment-causes of material losses and learn how to account for them appropriately.	2	
III	Accounting and Control of Labour Cost		11	15
	13	Labour Cost: Timekeeping and Time Booking	2	
	14	Systems of Wage Paymen- different wage payment systems, including time-based, piece-rate, and incentive-based.	2	
	15	Incentive Plans and Idle Time- incentive schemes and strategies to minimize idle time and enhance productivity.	2	
	16	Overtime and its Accounting Treatment	3	
	17	Labour Turnover and Learning Curve	2	
IV	Accounting for overheads and cost sheet		13	20
	18	Overheads: Classification-Classify overhead costs based on their nature, behavior, and allocation.	2	
	19	Departmentalization, Allocation, and Apportionment	2	
	20	Absorption and Determination of Overhead Rates	2	
	21	Under/Over Absorption and Accounting Treatment	2	
	22	Cost Sheet and Unit Costing-Prepare cost sheets using unit costing methodology and understand various concepts related to cost sheets	5	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Case Studies: Present case studies based on real-world scenarios where students need to		

	apply cost accounting principles to solve problems.		
2	Group Projects: Assign group projects that involve analyzing the cost structure of a real company.		
3	Industry Visits: Organize field trips to companies that have strong cost accounting practices and allow students to observe how cost accounting principles are implemented in a real-world business setting.		
4	Industry-Specific Costing Projects: Assign projects that focus on cost accounting practices in specific industries		
5	Excel-based Cost Analysis: Conduct spread sheet-based workshops where students use spreadsheets to perform cost analyses.		
6	Role-Playing Exercises: Create role-playing scenarios where students take on the roles of cost accountants

Pre-requisites	A basic understanding of various concepts and principles of marketing.				
Course Summary	This course gives an overview of digital marketing including social media marketing and its challenges. This course aims to prepare individuals for various roles within the digital marketing field, empowering them with the practical skills needed to navigate the ever-evolving digital landscape.				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Understand the fundamental concepts of Digital marketing	U	C	Examinations/Quizzes/Assignment/Seminar
CO 2	Analyse digital marketing strategies, for business objectives.	An	P	Examinations/Quizzes/Assignment/Seminar
CO 3	Conduct a critical analysis and recognize the significance of digital marketing practices.	An	P	Debates Exam Project Case study
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Module	Unit	Content	Hours	Marks
I		Overview of Digital Marketing	10	15
	1	Definition and scope of digital marketing	2	
	2	Fundamentals of Digital Marketing: Core concepts and principles of digital marketing-Overview of digital marketing channels and strategies	3	
	3	Comparison of traditional marketing approaches with digital marketing methods	2	

	4	Digital Marketing Landscape: digital marketing ecosystem-Importance of a website as a central element in digital marketing strategies	3	
--	---	---	---	--

Module	Unit	Content	Hrs	
II	Social Media Marketing (SMM)		12	20
	5	Concept of Social Media Marketing (SMM):Definition and significance of SMM-Overview of popular social media platforms and their roles in marketing	2	
	6	Significance of SMM	3	
	7	Content Creation Strategies for Social Media: Techniques for creating engaging and shareable content for social media platforms	3	
	8	Key Drivers of SMM: Factors driving success in social media marketing campaigns	2	
	9	Common challenges faced in social media marketing and strategies for overcoming them	2	
III	E-Commerce and E-marketing		10	20
	10	E-Commerce Models and E-Commerce Marketing: Overview of e-commerce business models-E-commerce marketing strategies and tactics	2	
	11	Reasons for the growth of E-marketing	2	
	12	E-commerce Marketing Practices: Best practices and strategies for effective e-commerce marketing	2	
	13	Tactics for achieving success in e-commerce ventures	2	
	14	AI in digital marketing-Email Marketing-Mobile app marketing	2	
IV	Legal and Ethical Considerations		16	15
	15	Legal considerations and regulations relevant to digital marketing practices	3	
	16	Ethical Considerations in Digital Marketing Practices	3	
	17	Content marketing tools and platforms	2	
	18	Concept of Influencer Marketing	3	
	19	An overview of digital payment system	2	
	20	Legal and Ethical Issues in Digital Payments: Addressing legal and ethical concerns related to digital payment systems	3	
V	Open-Ended Module		12	
	1	Emerging developments in the field of digital marketing

GROUP 8: LOGISTICS

Course Code	COM1MN108				
Course Title	ADVERTISEMENT AND SALES PROMOTION				
Type of Course	Minor				
Semester	I				
Academic Level	100-199				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	A foundational understanding of marketing principles and concepts is useful before delving into the specifics of advertisement and sales promotion.				
Course Summary	This course that explores the fundamental concepts, strategies, and techniques employed in the field of marketing to stimulate sales and promote products or services effectively.				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO1	Understanding of the role of advertisement and sales promotion within the broader context of marketing communication.	U	C	Examinations/ Review Questions/Quizzes/ Assignment/Seminar
CO2	Analyze and interpret consumer behavior theories and concepts to develop insights into consumer motivations, attitudes, and decision-making processes.	An	P	Examinations/ Assignment
CO3	Evaluate various promotional tools and techniques	E	P	Project Exam Assignment
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge				

Module	Unit	Content	Hrs	Marks 70
I	INTRODUCTION TO ADVERTISING		10	15
		1.Meaning, Definition, Nature, and Importance of Advertising: 2.Scope of advertising 3.Key objectives and importance of advertising in marketing communication 4.Overview of various types of advertising (e.g., product advertising, institutional advertising, comparative advertising, etc.)		
		5.DAGMAR Approach and Setting of Advertising Budget: 6.Explanation of the DAGMAR (Defining Advertising Goals for Measured Advertising Results) approach to setting advertising objectives 7.Methods for determining advertising budget allocation		
II	ADVERTISING MESSAGE AND MEDIA		12	20

		8. Advertising Message: Components of an advertising message: headline, body copy, visuals, etc.		
		9. Different types of advertising appeals and strategies for creating effective advertising copy		
		10. Types of Advertising Media: Overview of traditional and digital advertising media (e.g., print, television, radio, outdoor, online, social media, etc.) 11. Strengths and limitations of each advertising medium 12. Factors influencing the selection of advertising media		
		13. New Trends in Advertising: Emerging trends in advertising, including social media advertising and influencer marketing		
III	ADVERTISING EFFECTIVENESS		8	15
		14. Communication and Sales Effects of Advertising: the dual objectives of advertising: communication and sales impact 15. Methods for measuring advertising effectiveness, including pre-testing and post-testing techniques		
		16. Ethical Aspects of Advertising in India: Overview of ethical considerations in advertising practices 17. Role and functions of the Advertising Standards Council of India (ASCI) in regulating advertising content and practices		
IV	SALES PROMOTION		15	20
		18. Nature and Importance of Sales Promotion: role of sales promotion in the marketing mix 19. Key objectives and benefits of sales promotion activities		
		20. Tools of Sales Promotion: Overview of various sales promotion tools and techniques, including premiums, price offs, coupons, sampling, refunds, contests, games, point-of-purchase displays, etc. 21. Strategies for effectively using each tool to drive sales and consumer engagement		
		22. Trade Promotion Tools: Convention, conferences, trade fairs, exhibitions and fashion shows, specialties, and novelties.		
V	Practicum: It is recommended to conduct the following practical exercises			30
	1	Discussions on various commercial and non-commercial advertisements in detail with examples		
	2	Debate on the ethical and moral issues in advertisement in the modern era		
	3	Group discussions on digital advertisement and its importance in modern business		
	4	A mini project on the perception of youth towards celebrity endorsement in advertising		
	5	Preparation of a report on various sales promotion tools experienced by		

		students in their real life.

Course Code	COM3MN208				
Course Title	RETAIL BUSINESS MANAGEMENT				
Type of Course	MINOR				
Semester	III				
Academic Level	200-299				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3		2	75
Pre-requisites	Students should know about the basic concepts of marketing				
Course Summary	By the end of this course, students will comprehend the fundamental principles and dynamics of retailing, distinguishing between organized and unorganized retail formats, and understanding the retail life cycle, challenges, and opportunities in the Indian context. They will also develop a comprehensive understanding of consumer behavior in retail settings, the significance of store formats, pricing strategies, and the integration of technology in retail decision-making processes.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category	Evaluation Tools used
----	--------------	------------------	--------------------	-----------------------

CO1	Gain a comprehensive understanding of the retail industry, including its role, classification, growth patterns, and challenges, with a focus on the Indian context.	U	C	Examination Assignment
CO2	Develop proficiency in analyzing factors influencing consumer behavior in retail settings, identifying various types of retail stores, and evaluating location, positioning, and visual merchandising strategies.	Ap	P	Examination Assignment Case analysis
	Demonstrate competence in formulating retail pricing policies, implementing pricing strategies, and designing effective sales promotion campaigns, while also understanding the role of technology and ethical considerations in retail decision-making processes.	Ap	P	Case Study Project Exam
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
				70
I	THE RETAIL FUNCTION		10	15
		1 Introduction to Retailing – Role of Retailing 2 Organised vs Un-organised Retailing – Classification of Retail Stores – Growth of Retail Formats – Observation Study on Mall Management (Mall Visit Required) – Retail Life Cycle 3 An Overview of Retail Industry in India – Problems & Prospects of Retailing in India .4 Multi-Channel Retailing – Franchising – Non-Store Retailing Indian Scenario 5 Functions of Retailing		
II	UNDERSTANDING RETAIL CONSUMERS & STORE FORMATS		10	20

	6. Factors Influencing Retail Shopper 7 Types of Retail Stores 8 Factors affecting Retail Location – Location Analysis - 9 Store Positioning – Store Design & Visual Merchandising		
III	RETAIL PRICING AND PROMOTION	12	20
	10 Retail Pricing – Pricing Policies –Factors Influencing Pricing – Elements of Retail Price 11. Price Sensitivity and Mark Down Policy 12. Retail Pricing Strategies – Every Day Low Pricing (EDLP) – Discussion on Retail Pricing Strategies of Major Retail Groups in India – Case Studies 13. Retail Sales Promotion Strategies		
IV	TECHNOLOGY AND RETAIL DECISIONS	13	15
	14. Integrated Systems & Networking - EDI 15. Bar Coding – RFID – Its Applications in Retailing 16. Electronic Retailing – Role of Online Retailing 17. Consumerism & Ethics in Retailing		
V	Practicum: It is recommended to conduct the following practical exercises	30	
	1. Assign students to conduct a SWOT analysis of various retail businesses. They can analyze factors such as location, product assortment, pricing strategy, customer service, and competition. Students should identify key insights and propose strategies based on their analysis. 2. Divide students into groups and assign each group a specific retail market segment. Students should conduct market research to understand consumer preferences, market trends, competitive landscape, and growth opportunities within their assigned segment. They can present their findings and recommendations to the class.

GROUPING OF MINOR COURSE (E): BUSINESS ANALYTICS AND INTELLIGENCE

GROUP 9: BUSINESS ANALYTICS

Course Code	COM1MN109				
Course Title	ESSENTIAL STATISTICS FOR BUSINESS ANALYTICS				
Type of Course	Minor				
Semester	I				
Academic Level	100-199				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	Understanding of basic statistics and business mathematics				
Course Summary	This course contains fundamental statistical concepts and techniques that are crucial for analyzing and interpreting data in a business context.				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO1	Develop an understanding of fundamental statistical concepts such as sampling, sample estimation, hypothesis testing, and regression analysis	U	C	Internal Examinations/Review Questions/Quizzes/ Assignment/Seminar/External Examinations
CO2	Analyze business data using statistical techniques	An	P	Examinations/Quizzes/ Assignment/Practicum
CO3	Critically evaluate data and make informed decisions based on statistical analysis.	Ap	P	Assignment Project
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C)				

- Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)

Module	Unit	content	Hours	Marks 70
I		Introduction to Sampling	12	15
	1	Introduction to Sampling and Sampling Theory	1	
	2	Sampling Distribution - Using probabilistic Sampling Techniques	2	
	3	Estimating Sampling Errors and Confidence Intervals – Sampling Error and Non- Sampling Error	4	
	4	Central Limit Theorem	2	
	5	Sampling Techniques	3	
II		Hypothesis testing	12	20
	6	Introduction to Hypothesis testing -Null Hypothesis - Alternate Hypothesis	1	
	7	Testing Hypothesis for larger samples-Test for Single Proportion - Test for Difference of Proportions	2	
	8	Testing Hypothesis for Small Samples - T-test	3	
	9	Calculating Analysis of Variance- Two-Way Factorial ANOVA - Multivariate Analysis of Variance	3	
	10	Performing Chi-Square Test - Testing the Goodness of Fit	3	
III		Correlation and Regression	11	20
	11	Correlation – Meaning & Types -Spearman's Rank correlation, Karl Pearson's co efficient of correlation	4	
	12	Analysis of Bi Variate Data	2	
	13	Regression – Meaning - Regression lines - Properties of Regression lines and regression coefficient	5	
IV		Time Series Analysis	10	15
	14	Objectives and uses of Time series analysis	2	
	15	Components of Time series	1	
	16	Measuring trend using free hand curve method and method of semi averages	3	
	17	Measurement of Trend by Moving averages method	2	
	18	Least squares method	2	
V		Practicum: It is recommended to conduct the	30	

		following practical exercises		
		Practical problems on descriptive statistics.		
		Case Study on Sampling Techniques		
		Hypothesis Testing with Excel		
		Practical problems on T test, ANNOVA, Chi-square

Pre-requisites	Basic skills in computer applications				
Course Summary	This course provides students with the knowledge and skills needed to operate software tools for data analysis, and decision-making in a business context				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO1	Students should gain proficiency in using basic analytical software tools such as Microsoft Excel	U	C	Examinations/Quizzes/Assignment
CO2	Understand fundamental data structures such as tables, rows, columns, and cells	U	C	Examinations Assignment Practicum
CO3	Apply basic analytical tools to perform descriptive analytics	Ap	p	Project exam
<p>* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C)</p> <p># - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)</p>				

Module	Unit	content	Hours	Marks
I		Monetizing data to drive business decisions	12	15
	1	Need for data driven decision making-Solving the business problem using Analytics	4	
	2	Overview of Analytical cycle and Hierarchy of information user	4	
	3	The Complete BA professional - Understand BA roles and Responsibilities-Identify the Popular BA Tools.	4	
II		Organizing data with Excel	08	20
	4	Formatting cells- Using the Ribbon to Format Numbers - Using the Format Cells Dialog Box-Add a Border, background Color - Change the Font, Font Size, Font Color.	1	
	5	Formatting input data- Understanding Dates and Times - Format Percentages, Fractions, In Scientific Notations	1	
	6	Formatting worksheet- Align Data, Rotate Data, Wrap Text, Merge and Center-Apply a Style, Using Format Painter, Clear Formats-Structuring the workbook - Cut, Copy, and Paste Cells	2	
	7	Using Live Preview with Paste, Paste from the Office Clipboard, Insert or Delete - Find and Replace Information	1	

	8	Change the Name of a Worksheet, Change Column Widths or Row Heights, Hide Columns or Rows, Hide a Worksheet	1	
	9	Move or Copy a Worksheet - Freeze Worksheet Titles - Hide Gridlines, Headings, or the Formula Bar	2	
III	10	Searching and Combining Data with Power Query	12	20
	11	Getting started with Power Query-Know the Environment tabs and toolbars	3	
	12	Access new or existing reports - Importing and combining data from databases, web, files-Splitting and aggregating data	3	
	13	Query data from SQL - Working in the Select Part of an SQL Query	3	
	14	Managing SQL commands-Managing Tables	3	
IV		Performing computations and aggregations using Excel	13	15
	15	Understanding formulas - Calculate with an Operator - Calculate Using a Function and Cell Addresses	1	
	16	Create an Array Formula using the Sum, Average, Count, Min, and Max Functions Managing formulas in Excel	1	
	17	Create a Formula that Refers to Another Worksheet-Understanding Relative and Absolute Cell Addresses-Edit Formulas, Name Cells and Ranges	1	
	18	Define and Display Constants-Create Formulas That Include Names-Check Formulas for Errors, Trace Precedents and Dependents	2	
	19	Introduction to functions in Excel- Understanding the Function Wizard-Create a Conditional Formula - Calculate a Conditional Sum - Calculate a Conditional Count	2	
	20	Find the Square Root - Using VLOOKUP and index- Retrieve Column or Row Numbers - Using VLOOKUP- Using Index: Match, Search and Text- based functions in Excel- Determine the Location of a Value Using INDEX	3	
	21	Calculate Future Value, Present Value -Exploring inbuilt statistical functions and tools- Calculate an Average - Calculate a Conditional Average - Calculate the Median or the Mode - Calculate Rank	3	
V		Practicum: It is recommended to conduct the following practical exercises	30	
		Identify any two BA tools and prepare a detailed note		
		Any two practical works to understand the properties of an excel		
		Practical problems using various formulas used in excel with special reference to finance function (minimum five)

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Gain a deep understanding of the analytical processes involved in marketing	U	C	Examinations/Review Questions/Quizzes/ Assignment
CO 2	Learn how to use analytical models to forecast sales of new products, predict customer behavior	An	P	Project Examination
CO 3	Develop practical skills in collecting, cleaning, and analyzing marketing data using analytical tools and software	Ap	P	Project Exam
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P)				

Metacognitive Knowledge (M)

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	INTRODUCTION TO MARKETING ANALYTICS		10	15
		1 Marketing database analytical process, Data Collection, Coding, Screening and Purification, Digital Marketing Measurement Metrics. 2 Market/Product Analysis Methods; Market Entry and Exit Decisions; Product Portfolio Models.		
II	NEW PRODUCT DECISION MODELS, MARKETING DECISIONS		12	20
		3.1Product Design Ratings Based Conjoint models, forecasting the sales of New Products. Measurement of association ,Covariance and Correlation , Regression Analysis : Simple and Multiple Regression, Logistic regression, 4.Cluster analysis ,Conjoint Design, Multidimensional Scaling , Multiple Discriminant Analysis		
III	DATA VISUALIZATION, CUSTOMER PROFILING		13	20
		5. Data mining, Behavioral predictions & predictive analytics, 6. Factor analysis and perceptual mapping , Customer Lifetime Value Assessment 7. Loyalty data and customer Value model and techniques.		
IV	ANALYTICS IN MARKETING		13	15
		8. Text analytics, Search Engine Optimization Campaigns, Google Analytics, Display 9.Advertising Analytics. Customer Retention, Cross-Selling, Up-Selling and optimization. 10. Social Media Measurement, Social Media Analytics, Retargeting, Content Marketing. Trust, Privacy, and Ethics in Marketing Analytics		
V	Open Ended Module		12	
		Practical Exercises

GROUP 10: BUSINESS INFORMATION SYSTEM

Course Code	COM1MN110				
Course Title	BUSINESS ANALYTICS FOR DECISION MAKING				
Type of Course	Minor				
Semester	I				
Academic Level	100-199				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	An understanding of fundamental concepts of business analytics				
Course Summary	This course gives an overview of business analytics and its role in decision-making processes				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO1	Understand the importance of using data to inform decision-making processes in organizations	U	C	Examinations/Quizzes/Assignment/Seminar
CO2	Understand the significance	U	P	Examinations/Review

	of data quality and integrity in producing reliable insights for decision-making purposes.			Questions/Quizzes/Assignment/Seminar/Practicum
CO3	Perform business data analytical process	Ap	P	Project Exam
<p>* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C)</p> <p># - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)</p>				

Module	Unit	content	Hours	Marks 70
I		Introduction to Business Analytics:	12	15
	1	Definition of Business Analytics-Features	2	
	2	Understanding Data Analytics as a Movement, Decision-making Paradigm, and Set of Practices and Technologies	2	
	3	Importance, Objectives, and Role of Business Data Analytics	2	
	4	Business Data Analytics Objectives-importance -role	2	
	5	Types and Methods of Analytics: Overview of Business Analysis and Business Data Analytics	2	
	6	Descriptive Analytics -Predictive Analytics–Diagnostic Analytics-Prescriptive Analytics	2	
II		Business Data Analytics Process	08	20
	7	Identify the Research Questions	2	
	8	Source Data –Analysis of Data -Interpret and Report Results	2	
	9	Business Decision Making	2	
	10	The Art of Data Science: Volume, Velocity, Variety	2	
III		Decision making in Organisation	13	20
	11	Decision making Functions of Management	2	
	12	Decision Making Functions of Management: Planning, Organizing, Coordinating, Leading, Motivating, and Controlling Processes	5	
	13	Informed Decision Making Within the Organization	2	
	14	Types of Decisions: Operational or Transactional Decisions	2	

	15	Tactical Decisions, Strategic Decisions, Programmed Decisions, Non-programmed Decisions	2	
IV		Data and Information	12	15
	16	Types of data-Primary and Secondary Data	2	
	17	The Problems of Using Secondary Data-Sources of Secondary Data	4	
	18	Internal and External Sources of Data	2	
	19	Methods of Data Collection: Direct Observation, Inspection, Questionnaires, Interviews, Abstraction from Records, and Published Statistics	4	
V		Practicum: It is recommended to conduct the following practical exercises	30	
	1	Prepare a structured questionnaire		
	2	Collect at least five secondary data from different sources.

	4	3	-	2	75
Pre-requisites					
Course	This course provides a comprehensive overview of e-business, covering				

Summary	its origins, need, features, development, and economic impact, alongside an exploration of various e-commerce business models, electronic payment systems, and legal, privacy, and security considerations, equipping learners with essential knowledge and understanding to navigate the digital marketplace effectively.
---------	--

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Understand the historical origins and fundamental concepts of e-business, including its necessity, key features, and its impact on economic development, enabling students to appreciate the evolution and significance of digital commerce in contemporary society.	U	C	Examinations/ Quizzes/ Assignment/Seminar
CO 2	Understand different ways businesses sell online and how they work, like selling to consumers (B2C), other businesses (B2B), or directly to each other (C2C), as well as mobile commerce (M-commerce) and new trends like the sharing economy.	An	P	Examination Assignment
CO 3	Develop skills for using online payment systems, knowing how they work, how to keep them safe, and how companies called Application Service Providers (ASPs) help handle payments online, so you can use digital money safely and legally.	Ap	P	Project Exam
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
--------	------	---------	-----	-------

				70
I	INTRODUCTION TO E BUSINESS		10	15
		1 Origin, Overview of E-Business 2 Need and factors affecting Electronic Business 3 Features of Electronic Business 4 Information Services; Shopping Services; Virtual Enterprises 5 Development and the economic influence of the e-business.		
II	ECOMMERCE BUSINESS MODELS		11	20
		6. Retailing in E-Commerce - Introduction 7. Business to Consumer (B2C), Business to Business (B2B), Consumer to Consumer (C2C), Peer to Peer Business Models, M- Commerce Business Models 8. Sharing economy, Value Proposition, Revenue Model, Market Opportunity 9. Competitive Advantage, Market Strategy, Organizational Development		
III	ELECTRONIC PAYMENT SYSTEMS		12	20
		10. Electronic Data Interchange 11. Paying via the Net, Payment Protocols, Payment Gateways, Payment and Content Management 12. Role of Application Service Providers (ASPs) in Payment via the Internet 13. Electronic Payment Systems (Cash, Check, Credit Card, Stored Value, Accumulating Balance) 14. Working of Online Credit Card		
IV	LEGAL, PRIVACY ISSUES, SECURITY AND FUTURE		12	15
		15. Web security: Introduction; Firewalls and transaction security 16. Indian e-Commerce Scenario; IT Act, Legal issues in E		

		commerce		
V		Practicum: It is recommended to conduct the following practical exercises	30	
		<ol style="list-style-type: none"> 1. Provide students with real-life case studies of successful e-commerce businesses across different sectors and guide them in analyzing the business models, revenue streams, market strategies, and competitive advantages of these companies. 2. Conduct a workshop on legal and privacy issues in e-commerce, focusing on relevant laws, regulations, and compliance requirements

Type of Course	Minor				
Semester	VIII				
Academic Level	300-399				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	4	-	-	60
Pre-requisites	Basic understanding of various concepts of business analytics				
Course Summary	This course provides a basic understanding of business intelligence concepts and techniques, and platforms for data visualization and analysis				

Course Outcome (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO1	Gain a comprehensive understanding of the principles, processes, and technologies involved in business intelligence	U	C	Internal Examinations/Review Questions/Quizzes/ Assignment/Seminar/External Examinations
CO2	Develop skills for effective data visualizations using various techniques and tools	Ap	P	Examinations/Project
<p>* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C)</p> <p># - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)</p>				

Module	Unit	content	Hours	marks
I		Introduction	12	15
	1	Meaning of data visualization- The data visualization process		
	2	Filtering & processing-		
	3	Translation & visual representation		
	4	Perception & interpretation		

	5	Importance of data visualization in reports and statements		
	6	key aspects of reports and statements		
	7	Meaning of business intelligence-concepts and features		
	8	Importance of BI		
II		Trends in data Visualization	11	20
	9	Trends in Data Visualization—Storytelling		
	10	Trends in Data Visualization—Interactive Graphics - Visualization Designers		
	11	Uses of Data Visualization		
	12	Visualization Process		
III		Types of Data	13	20
	13	Different types of data - Quantitative (numeric) -Discrete – Continuous – Qualitative (categorical)		
	14	Ordinal -Categorical-scale		
	15	Data relationships -Ranking -Deviation- Correlation- Partial and total relationships		
	16	Nominal comparisons -Series over time		
IV		Storytelling for social and market communication	12	15
	17	Stories that use data to communicate insights		
	18	Simple sequences for telling a story		
	19	Influencing people’s emotions by telling a story (drawing in their attention)		
	21	Persuading them through benefits that cover specific needs (benefits/engagement)		
	21	Moving on to concrete steps (call to action)		
V		Open Ended Module (Practical Exercises)	12	
	1	Assignment on the practical implications of data visualization.		
	2	Prepare a script for story telling including the various sequences of a story telling process

VOCATIONAL MINOR COURSE: GROUP (F) TOURISM MANAGEMENT

GROUP 11. TRAVEL AND TOURISM MANAGEMENT

Course Code	COM1VN101				
Course Title	FUNDAMENTALS OF TRAVEL AND TOURISM				
Type of Course	Vocational Minor				
Semester	I				
Academic Level	100-199				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	A basic understanding about various tourism products and services.				
Course Summary	This course introduces students to the fundamental principles, concepts, and practices within the travel and tourism industry. It covers a broad spectrum of topics to equip students with the necessary knowledge and skills to pursue careers in various sectors of the industry.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Explain the fundamental concepts in Travel & Tourism Industry	U	C	Instructor-created exams / Quiz/Seminar/ Assignments/ Discussion/ External Examination

CO 2	Identify and differentiate the types and forms of tourism	Ap	P	Instructor-created exams / Quiz/Seminar/ Assignments/ Discussion/ External Examination
CO 3	Identify and evaluate the role of various factors influencing tourism demand	E	P	Instructor-created exams / Quiz/Seminar/ Assignments/ Discussion/ External Examination
CO 4	Compare the various modes of transportation and evaluate the relative benefits	E	P	Instructor-created exams / Quiz/Seminar/ Assignments/ Discussion/ External Examination
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	An overview of Tourism		10	15
	1	Definition and Related concepts- Tourism - Tourist, Traveler, Visitor, Excursionist	2	
	2	Tourism System - Evolution and History of Tourism- Evolution of Indian Tourism	5	
	3	Significance and Reasons for growth of Tourism	1	
	4	Inter disciplinary approaches to tourism	2	
II	Typology of Tourism		12	15
	5	Classification of Tourism: International Tourism- Domestic tourism- Inbound and Outbound Tourism- Intra-regional and Inter regional Tourism	2	
	6	Leisure and Business Tourism- Mass and Niche tourism Cultural Tourism- Historical Tourism- Indigenous Tourism- Film Induced Tourism- Literary Tourism- Music Tourism Wine Tourism- Gastronomy Tourism- Ethnic Tourism-Pilgrimage tourism- Red / Black / Dark / Doom Tourism- Yoga tourism- Industrial Tourism- Alternative Tourism-	10	
III	Motivation for Travelling and Demand for Tourism		12	20
	7	Tourism Motivation: Introduction – Travel Motivators- Types	2	
	8	Travel Motivation Theories	3	
	9	Demand for Tourism- Indicators and Determinants – Measuring demand for tourism	3	
	10	Tourism Statistics- Volume Statistics- Value Statistics- Visitor profile	4	

	11			
IV	Transportation & Tourism		11	20
	12	Concept of transportation- Inter relationship between Tourism and Transportation - Role of transport in Tourism	2	
	13	Modes of Transportation in India-Road, Rail, Air& Water.	2	
	14	Role of road transportation-Classification of roads in India	1	
	15	Rail transport- Types of trains -Luxury trains, Tourist trains	2	
	16	Air transport-Role and importance- International Airports in India-Major airlines	2	
	17	Water Transportation-Coastal shipping, inland waterways, Sea transport-Cruise Tourism	2	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Recommended to conduct the following: Group discussion on Luxury trains-Vande Bharat trains- Metro trains- Electric and CNG vehicles-Inland navigation- Regional air connectivity-UDAN Scheme -River cruises		
	2	Organize field trips to relevant destinations, travel agencies to give students first hand exposure to the industry and encourage them to interact with industry professionals		
	3	Present real-life case studies that require students to analyze and solve problems commonly faced in the travel and tourism sector.		
	4	Assign projects that require students to plan and execute various aspects of tourism.		
	5	Arrange seminars and workshops

Pre-requisites	A basic knowledge about various fundamental principles of tourism				

Course Summary	Tourism Business course is designed to provide students with a comprehensive understanding of the business side of the tourism industry
----------------	---

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Identify and describe the various components and concepts of Tourism Industry and Tourism Business	U	C	Instructor-created exams / Quiz/Seminar/ Assignments/ Discussion/ External Examination
CO 2	Examine the components of a tourism destination and describe the destination life cycle	An	P	Seminar Presentation / /Assignments/ Discussions
CO 3	Compare the benefits and impacts of tourism on various destinations	E	P	Instructor-created exams / /Seminar/Debate Project
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Tourism Industry		12	20
	1	Introduction and Concepts of tourism industry	1	
	2	Business Environment	1	
	3	Components of tourism industry	1	
	4	Destination and Attractions	1	
	5	Government Organizations- National Tourism Organization (NTO)	1	
	6	Intermediaries and Travel distribution channels	2	
	7	Transportation- Importance and Modes	1	
	8	Accommodation and Hospitality- -	1	
	9	Food & Beverages-Entertainment & Recreation	1	
	10	Shopping-Infrastructure- general and tourist specific infrastructure	2	
II	Travel Business		10	15
	13	Travel Business or Industry- Meaning and Related Concept-	2	
	14	Travel agency and tour operator- Definition -differences	2	
	15	Types of Travel agency and Tour operator - role, functions, and	5	

		responsibilities		
	16	E-intermediaries	1	
III	Tourism Destination		12	20
	17	Tourism Destination: Definition- Concept and Common Characteristics -	2	
	18	Components of destinations	2	
	19	Types of destinations	2	
	20	Core and Periphery Attractions	1	
	21	Seasonality	2	
	22	Tourism Destination Life Cycle (TALC) -Case Study	2	
	23	Strategies for Destination Marketing & Promotion	1	
IV	Benefits & Impacts of Tourism on Destinations		11	15
	24	Benefits of Tourism: An overview of Economic, Social, Cultural and Environmental Benefits	1	
	25	Economic Benefits: Economic growth and diversification, Local entrepreneurship development, Redistribution of wealth, Direct, Indirect, and Induced benefits, Multiplier Effect	1	
	26	Social benefits of tourism and Positive cultural impacts	2	
	27	Environmental benefits of tourism.	1	
	28	Negative impacts of Tourism: An overview of Economic, Social, Cultural and Environmental impacts	1	
	29	Economic impacts	2	
	30	Social impacts	1	
	31	Environmental impact	1	
	32	Cultural	1	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Recommended to implement the following: Present real-world case studies that require students to analyze and solve problems relevant to tourism businesses. After visiting the following places, prepare a report: Kappad Beach, Wayanad, Fort Kochi, Bekal, Silent Valley Park, etc.		
	2	Conduct a field visit to any of the nearby tourist destination and prepare a report about the visit.		
	3	Organize visits to tourism-related businesses, such as hotels, travel agencies, tour operators, or attractions.		
	4	Assign projects that require students to investigate current trends, challenges, and opportunities in the tourism business.		
	5	Conduct role-playing activities to simulate real-world interactions in tourism business scenarios.

Type of Course	Vocational Minor				
Semester	III				
Academic Level	200-299				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	A basic idea about various concepts of travel and tourism				
Course Summary	Students will gain in-depth knowledge about various travel formalities and other regulations for international travel				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Gain a comprehensive understanding of various travel documents such as passports, visas, health certificates, and other necessary paperwork required for international travel.	U	C	Instructor-created exams / Quiz/Seminar/Assignment

CO 2	Describe the process and role of travel facilitation	E	P	Assuagement / Discussion/Debate/ External examination
CO 3	List the various travel documents for International Travel & demonstrate the application procedure	Ap	P	Seminar Presentation Assignment Examinations
CO 4	Able to guide travelers through the application process for obtaining different types of travel documents, including passport applications, visa applications, and other necessary permits..	Ap	P	Examination Project
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Travel Documentation and Formalities		10	15
	1	Introduction-Travel Documents for International travel -Passport, Visa, Other Travel Documents, Health travel documents, Travel itinerary details- Travel and Medical insurance- Proof of medical and Travel insurance	6	
	2	Air Ticket - Types, Reading & Interpreting an Air Ticket	3	
	3	Familiarization with Travel Information Manual Automatic (TIMATIC)	3	
II	Travel Facilitation		12	20
	4	Introduction- Role and importance of travel facilitation-	2	
	5	Visa Facilitation	2	
	6	Facilitation by travel agents, tour operators and tour escort	2	
	7	Airport Facilitation	4	
	8	Tourist Information Centre-Tourist Police	1	
	9	Medical Travel Value Facilitator-Role and Accreditation procedure	2	
III	Regulations Applicable to Foreigners in India		9	15
	10	Passports-types-Documents required and procedure for application	3	
	11	Types of Visas granted- Documents required and Extension of Visa	3	

	12	Reasons for rejection of Visas-Procedure for application	2	
	13	Registration of Foreigners at FRRO	1	
IV	Air Customs and Related Regulations		14	20
	14	Customs declaration-ATITHI mobile app-Channels of clearance-Green and Red Channel	3	
	15	Duty free allowances and entitlements -	2	
	16	Dutiable goods-Import of alcohol and cigarette as baggage-	2	
	17	Import of Foreign Exchange/Currency	1	
	18	Prohibited and Restricted Goods-	2	
	19	Penal Provisions	2	
	20	Immigration and Emigration Procedures	2	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Recommended to implement the following 1. Try to handle requests for fresh application, renewal for passports 2. Demonstrate the online passport application procedure		
	2	Demonstrate the use of ATITHI mobile app with the help of YouTube Video		
	3	Conduct workshops that focus on different types of travel documents, including passports, visas, travel insurance, and vaccination records. Provide hands-on experience in checking, verifying, and processing these documents.		
	4	Develop scenarios that mimic real-life situations where students need to verify the authenticity of travel documents.		
	5	Familiarize students with online systems and tools used for passport and visa processing

Semester	VIII
Academic Level	300-399

Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	4	-		60
Pre-requisites					
Course Summary	This course covers emerging trends in tourism, government initiatives, special interest tourism, and medical tourism, emphasizing their definitions, significance, and associated challenges. Students will gain insights into diverse tourism trends, understand government schemes, analyze special interest tourism types, and explore the concepts, processes, and challenges of medical tourism, particularly in India.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Understand emerging trends: Identify and explain current trends in tourism.	U	C	Examinations/Review Questions/Quizzes/Assignment
CO 2	Analyze special interest tourism: Evaluate different types, significance, and challenges of special interest tourism.	An	P	Project Examination
CO 3	Develop tourism initiatives: Design tourism products and experiences tailored to specific interests and markets.	Ap	P	Project Case analysis
CO 4	Assess medical tourism: Evaluate the concept, process, challenges, and opportunities of medical tourism, particularly in India.	An	P	Assignment Project
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks 70
I	Emerging Trends in Tourism		10	15

		<ol style="list-style-type: none"> 1. Introduction-Definition of emerging trends in tourism 2. Special Thrust Areas-Overview of various emerging trends in tourism:Volunteer Tourism-Thana Tourism-Space Tourism-Impact of Climate Change on Tourism 3. Government Initiatives in Tourism-Overview of key government schemes and initiatives:Swadesh Darshan Scheme-PRASAD Scheme-UDAN Scheme-National Green Tourism Mission 		
II	Special Interest Tourism and its Resources		12	20
		<ol style="list-style-type: none"> 4. Introduction to Special Interest Tourism-Definition and scope of special interest tourism-Importance in diversifying tourism offerings 5. Types and Features of Special Interest Tourism-Exploration of various types of special interest tourism (e.g., adventure tourism, ecotourism, cultural tourism)-Unique features and characteristics of each type 6. Significance of Special Interest Tourism-Economic, social, and environmental significance of special interest tourism- 7. Disadvantages of Special Interest Tourism 		
III	Developing and Designing Special Interest Tourism		13	20
		<ol style="list-style-type: none"> 11. Understanding the Market-Market research techniques and methodologies 12. Analyzing the Potential-Evaluation of market demand, competition, and feasibility 13. Designing Special Interest Tourism-Conceptualization and development of special interest 		

		tourism products and experiences		
IV	Medical Tourism		13	15
		18. Concept of Health, Wellness, and Medical Tourism-Definition and scope of medical tourism-Distinction between health, wellness, and medical tourism products 19. Types of Medical Tourism 20. Reasons for Medical Travel 21. Medical Tourism Products 22. Medical Tourism Process 23. Medical Tourism in India-Overview of India's medical tourism industry, including key destinations, hospitals, and specialties

		Advanced topics in the area		

GROUP 12.HOSPITALITY MANAGEMENT

Course Code	COM1VN102				
Course Title	FOUNDATIONS OF HOSPITALITY				
Type of Course	Vocational Minor				
Semester	I				
Academic Level	100-199				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites					
Course Summary	This course provides students with a comprehensive understanding of the various facets of hospitality services.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Explain the distinctive characteristics and evolution of hospitality industry	U	C	Instructor-created exams / Quiz/Seminar/ Assignments/ Discussion/ External Examination
CO 2	Demonstrate the various bases for classification of hotels in India	Ap	P	Assignment Project
CO 3	Describe the various Meal Plans and tariff in hotels	U	C	Seminar/ Assignments/ External Examination
CO 4	Critically analyse the recent trends in hospitality industry	An	P	Examination Project
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Introduction to Hospitality Industry		11	15
	1	Overview and Historical Development	2	
	2	Distinctive Characteristics of Hospitality Industry	1	
	3	Domestic and International Hotel Chains & their brands (Brief Overview)-	2	
	4	Hotel organization- An overview of core areas of a hotel	2	
	5	Organization structure and Major departments of a hotel	4	
II	Classification of Hotels		12	20
	6	Classification of Hotels: Need and Importance	1	
	7	HRACC(Hotel & Restaurant Approval and Classification Committee)	1	
	8	Various Bases for Classifying Hotels	2	
	9	Star Classification of Hotels-Size- Location- Clientele- Level of Service- Length of Stay- Basis of Ownership	6	
	10	Time Share & Condominium -	1	
	11	Alternative Accommodation	1	
III	Guest Rooms, Room Tariff and Meal Plans		10	15
	12	Types of Guest Rooms and Room sizes	2	
	13	Room Tariff- Definition and factors affecting room tariff	2	

	14	Bases of Charging in hotels	2	
	15	Different types of room rates	1	
	16	Methods for Pricing Room Rate	2	
	17	Meal Plans	1	
IV	Recent Trends in Hospitality industry		12	20
	18	Renewable Energy	1	
	19	Sustainability	1	
	20	Health & Well-being	2	
	21	Safety & Hygiene	2	
	22	Digitalized Guest Experiences (Mobile Check in- Contactless Payment- Voice Control- Biometrics)	4	
	23	Hyper Personalization	2	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Recommended to implement the following: Conduct a field visit to five-star hotel nearby college and understand the functions of various departments and prepare a brief report about it.		
	2	Practical assignments		
	3	Develop scenarios that require students to handle various guest service situations.		
	4	Organize practical sessions in a simulated restaurant setting		
	5	Arrange visits to hotels, resorts, or other hospitality establishments. Provide opportunities for students to observe operational practices, interact with professionals, and ask questions		
	6	Conduct guest feedback analysis. Analyze real guest reviews and discuss strategies for addressing positive and negative comments.

Course Code	COM2VN102				
Course Title	FRONT OFFICE MANAGEMENT				
Type of Course	Vocational Minor				
Semester	II				
Academic Level	100-199				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours

	4	3	-	2	75
Pre-requisites	Basic idea about hotel industry				
Course Summary	The students will gain an understanding about the operational aspects of Front office management.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Describe and evaluate the organizational structure and role of Front Office department in a hotel	E	P	Quiz/Seminar/ Assignments/ Discussion/ External Examination
CO 2	Describe the various stages of guest cycle and reservation in hotels	U	C	Quiz/Seminar/ Assignments/ Discussion/ External Examination
CO 3	Identify and explain the process and records associated with Guest registration	U	C	Seminar/ Assignments/ Discussion/ External Examination
CO 4	Illustrate the process of guest check-out/departure	U	C	Assignment Project
CO 5	Demonstrate the skills related to Front Office Management	Ap	P	Project
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Introduction to Front Office		15	20
	1	Role and importance of Front Office in Hotel Operation	2	
	2	Functional areas of Front office	2	
	3	Sections and lay out of Front Office Department	2	
	4	Organization of front office staff -Duties and responsibilities -Front Office Manager, Reservation Assistant, Receptionist, Information Assistant, Cashier, Telephone Operator, Bell Boy, Door Attendant	7	
	5	Qualities and Attributes of front office Personnel	2	
II	Guest Cycle & Reservation		12	20
	6	Stages of guest Cycle- Pre- arrival- Arrival - Occupancy_ Departure-	4	

		Post Departure		
	7	Reservation-Importance-Types, modes, and sources	4	
	8	Processing Reservation requests- Cancellation and Amendments Overbooking	4	
III	Guest Registration		12	15
	9	Registration: Pre- Registration Activities and Registration Process – (GRC (F Form) and C Form Passport and Visa) - Guest	3	
	10	Registration Records	2	
	11	Registration Process	2	
	12	Check -in procedures in manual and semi-automated hotels- Guests with confirmed reservation-VIPs-Walk -in guests- Groups/Crews - Scanty Baggage Guest-Foreign Guests-Self Check-in terminals	5	
IV	Guest Check-out / Departure Procedures		6	15
	13	Check-out procedure in manual or semi-automated system-Normal Check-out procedure	3	
	14	Express Check-out - Late check-out- Self heck-out	2	
	15	Collecting feedbacks from guest – procedures	1	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Recommended to implement the following: Role Plays / case studies covering the following scenarios: 1. Handling guest reservation requests, amendments, and cancellation 2. Guest check-in - Scanty baggage, Group, VIP etc 3. Handling Guest Complaints 4. Receiving Guests with confirmed reservation		
	2	Present real-world problem-solving scenarios related to front office management.		
	3	Direct to prepare a course project		
	4	Introduce students to technology tools used in front office management, such as mobile apps and allow students to explore and practice using technologies.		
	5	Debate, discussions		
	6	Practical assignments

Course Title	DIGITAL TRANSFORMATION IN TOURISM
Type of Course	Vocational Minor

Semester	III				
Academic Level	200-299				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	4	3	-	2	75
Pre-requisites	Basic idea about digital technology and its usages				
Course Summary	The students will gain an in-depth understanding on various digital applications in tourism and hospitality industry.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Discuss and evaluate the concept, stages, and trends of Digital transformation	E	P	Instructor-created exams / Quiz/Seminar/ Assignments/ Discussion/ External Examination
CO 2	Evaluate the impact of digitization on tourists	E	P	Instructor-created exams / Quiz/Seminar/ Assignments/ Discussion/Debate/ External Examination
CO 3	Appreciate the role of digitization in tourism and hotel operations	U	C	Instructor-created exams / Quiz/Seminar/ Assignments/ Discussion/ External Examination
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Introduction to Digital Transformation in Tourism		12	15
	1	Digital Transformation: Concepts and scope	2	
	2	Stages of digital transformation	2	
	3	Digital Trends in Hospitality Industry- AI(Artificial Intelligence) and Chat GPT, Chatbot, IoT(Internet of Things),VR(Virtual reality) & AR(Augmented Reality), Voice on Search, Robotics	8	
II	Digital Tourists		12	20
	4	Digital Tourists- Meaning & definition	1	
	5	Digital Touch Points in Tourism and Hospitality Industry	1	
	6	5 stages of Travel Consumer Journey	2	
	7	Tourism Apps- Advantages & Features of Mobile applications	2	

	8	Mobile apps as a marketing tool	2	
	9	Digital interpretation	2	
	10	Use of audio / video guides and apps	2	
III	Digital Economy in Tourism		12	20
	11	Concept and main elements of digital economy in tourism	3	
	12	Digital platforms in hotel industry	3	
	13	Essential features of a tourism business website	2	
	14	Online payment modes-internet and mobile banking, cards, wallets, m payment interface, sharing economy platforms, blockchain technology and crypto currency	4	
IV	Digitalization in Hotels		9	15
	15	Digitalization in Hotels: Advantages and applications in daily operations	4	
	16	Property Management system (PMS) and interfaces	3	
	17	Systems used in Point of Sale (House Keeping, Front office, Restaurant etc.)	2	
V	Practicum: It is recommended to conduct the following practical exercises		30	
	1	Recommended to implement the following: Conduct a debate on the challenges faced in adoption of digitization		
	2	Conduct at least two case study on international hotel brands - Marriott, Accor and Radisson hotels in India		
	3	Use online booking platforms and simulations to teach students how to make reservations for accommodations, flights, and activities. Conduct group discussions.		
	4	Conduct workshops on digital marketing strategies specific to the travel and tourism industry.		
	5	Arrange visits to technology companies specializing in travel solutions. Provide students with exposure to the latest innovations and trends in the digital technology sector

Type of Course	SEC				
Semester	V				
Academic Level	•				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	3	3			45
Pre-requisites	Understanding of basic spreadsheet functions and familiarity with data entry, basic formulas, and common features in spreadsheet software. Basic knowledge of business concepts is recommended but not mandatory.				
Course Summary	This course explores application of spreadsheet functions, formulas, Pivot Tables and Pivot Charts, Macros and Automation, Data visualization techniques and Efficient data entry techniques.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Gain insight into the characteristics of data analysis and management features.	U	C	Instructor created exams/practical assignments
CO 2	Apply statistical and financial analysis tools in spreadsheet to make informed business decisions.	Ap	P	Examinations Assignment
CO 3	Create and implement advanced formulas, lookup functions, and macros for streamlined data manipulation and task automation.	Ap	P	Practical Assignment / Observation of Practical Skills
CO 4	Apply acquired skills in spreadsheet to diverse business contexts,	Ap	P	Projects

	ensuring relevance and effectiveness in various industries and scenarios.			
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Metacognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Introduction to Spreadsheet Applications		5	10
	1	Introduction to spreadsheet applications.	1	
	2	Common Spreadsheet Applications	1	
	3	Basics of spreadsheet interface and functions.	1	
	4	Navigating the interface	1	
	5	Key features and capabilities	1	
II	Data Entry and Formatting with Spreadsheets		12	12
	6	Efficient data entry techniques	2	
	7	Formatting cells, rows, and columns	2	
	8	Introduction to cell referencing and formulas	2	
	9	Creating and managing tables	2	
	10	Generating charts and graphs	2	
	11	Basic formulas and functions for business applications	2	
III	Advanced Functions and Automation		11	12
	12	Advanced Formulas - Nested functions and complex formulas	1	
	13	Logical and Lookup functions (VLOOKUP, XLOOKUP, HLOOKUP)	2	
	14	Understanding IF, AND, OR, TEXT, COUNT, COUNTIF functions	2	
	15	Pivot Tables and Pivot Charts - Data summarization	1	
	16	Dynamic reporting with Pivot Charts	1	
	17	Macros and Automation - Introduction to macros	2	
	18	Creating simple automation scripts (customers, brands, sales, credit data)	2	
IV	Advanced Financial with Spreadsheets		8	16
	19	Statistical Analysis - Descriptive statistics: mean, median, mode	2	
	20	Performing simple inferential statistics: t-tests, correlation	2	
	21	Data visualization techniques - histograms and box plots	1	
	22	Application of Financial ratios and key performance indicators	3	
V	Open Ended Module		9	

		<ol style="list-style-type: none"> 1. Working on group projects to solve specific business problems or optimize business processes using spreadsheet tools.. 2. Calculating key financial metrics such as net present value (NPV), internal rate of return (IRR), and return on investment (ROI).. 3. Creating charts and graphs to visualize data trends, such as sales trends over time or market share comparisons. 4. Calculate financial ratios a company and make interpretation

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks 50
I	Introduction to Python Programming		16	14
	1	Introduction to computer programming language, low level and high level languages, algorithm, flowchart, syntax rules, exceptions and debugging, Assembler, Compilers-Interpreters.	1	
	2	History and salient features of python, Python IDEs and Code Editors installation of python, Python virtual machine(PVM), Byte code, working of a python code, code portability and platform independence	1	
	3	Interactive mode and calculator mode, variables, flag variable, statically typed vs dynamically typed variables Python keywords, indentation and block of code, writing and execution of simple python programs. Input and output statements, type conversions(implicit and explicit type conversion), data type checking, Python comments	2	
	4	Operators and Precedence: Arithmetic operators, Relational operators, Logical operators, Assignment operator, Membership operator, Expressions and Statements , formatted output	2	
	5	Function definition, built-in functions and user defined functions, Function argument, range function, print vs return statement	3	
	6	Data types in Python: Numeric (Integer, complex number, float), Sequence (Strings, list, tuple), Set, Dictionary Boolean, Binary Types.	1	

	7	Functions/operations associated with data structures, String(slicing, indexing, concatenation), List(append, remove, insert, count, sort, index, reverse, pop, slice, min& max, clear concatenate, copy), Set (add, remove, intersection, union, in, not in, difference, symmetric difference)	1	
	8	Python modules and packages, file handling/instructions in python, reading and writing to a file, pickle module	2	
	9	Object-oriented Programming (OOPs) approach in Python: Basic concepts	3	
II	Flow Control in Python		05	12
	1	Concept of flow control statements in python, sequential construct	1	
	2	Selective construct (simple if..else, nested if, ladder if,)	1	
	3	Iteration construct (for loop and while loop)	2	
	4	Loop control statements (break, continue and pass)	1	
III	Data visualization in Python		07	12
	1	Numpy library, arrays, array creation functions, Numpy array attributes, indexing and slicing of array, printing of array, array modification instructions	2	
	2	Installation of plotting libraries, Data visualization using matplotlib module, graph plotting functions, bar chart, pie chart, histogram	1	
	3	Analyzing Data Using Pandas, Pandas Data Frame	2	
	4	Statistical graphics using seaborn	2	
IV	Python for financial data analysis		08	12
	1	Calculating and Comparing Rates of Return in Python: Calculating a Security's Rate of Return in Python, Simple Returns and Logarithmic Returns, Calculating a Portfolio of Securities' Rate of Return in Python	2	
	2	Measuring Investment Risk in Python: Calculating Covariance and Correlation, , Calculating Portfolio Risk, Understanding Systematic vs. Idiosyncratic risk, Calculating Diversifiable and Non-Diversifiable Risk of a Portfolio	2	
	3	Using regressions for Financial Analysis in Python: The fundamentals of simple Regression Analysis, running a Regression in Python, Computing Alpha, Beta, and R Squared in Python	2	
	4	Capital Asset Pricing Model (CAPM) in Python: Understanding and Calculating a Security's Beta, The CAPM formula, Calculating the Expected Return of a Stock (CAPM) in Python, Introduction to Sharpe ratio, Obtaining the Sharpe Ratio in Python, Measuring Alpha	2	
V	Open Ended Module		09	
		<ul style="list-style-type: none"> Create a Python calculator capable of performing arithmetic operations like addition, subtraction, multiplication, and division. Achieve this by integrating functions and employing flow control statements. Start the development process by establishing functions for fundamental operations Create a Hangman Game using Python in which participants 		

		<p>attempt to guess a secret word by proposing letters. The game persists until the player accurately uncovers the entire word or exhausts their allotted attempts</p> <ul style="list-style-type: none"> • Generate a graphical representation of item sales in a shop using Python, employing the matplotlib library. • Create a Python code for managing bank account details in Python, applying object-oriented programming principles. The code should include methods for depositing money, withdrawing funds, and checking the account balance • Obtain stock data for top companies per industry/sector/ (NIFTY 50/BSE SENSEX Companies) for multiple years in Python • Calculate stock returns for top companies per industry/sector/ (NIFTY 50/BSE SENSEX Companies) for multiple years in Python • Calculate the Beta of top listed companies (NIFTY 50/BSE SENSEX) in Python • Use the yfinance library to obtain financial market data, such as stock prices, beta, earnings per share (EPS), balance sheets, and income statements.

Course Code	COM6FS113 (1)				
Course Title	STOCK MARKET INVESTMENT AND TRADING				
Type of Course	SEC				
Semester	VI				
Academic Level	•				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	3	3			45
Pre-requisites	It's helpful to have a fundamental understanding of financial concepts such as stocks, bonds, mutual funds, and basic accounting principles. This includes knowing how to read financial statements and understand key financial ratios.				
Course Summary	This course aims to equip students with the knowledge, skills, and confidence to navigate the complexities of financial markets and make informed investment decisions. It provides a solid foundation for further study or a career in finance.				

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Understand the pre-requisites to invest in securities market	U	C	Instructor-created exams / Quiz

CO 2	Develop skills to analyse the intrinsic worth of securities to invest in public issues and secondary market.	Ap	P	Practical assignments to evaluate companies
CO 3	Analyse the mechanism of trading futures and options in stock exchanges	An	P	Exam and practical assignment Exam
CO 4	Apply the knowledge in creating an optimum portfolio	Ap	P	Project Exm
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Introduction to Securities Market		7	12
	1	Difference between gambling, speculation and investment- Investment and Trading in stock market.	1	
	2	Pre-requisite to invest in stock Market- Bank Account, Demat Account and Trading account, Demonstration of Opening demat and trading account, BSDA, closing demat and trading account	2	
	3	KYC documents, CKYC, Power of attorney & DDPI, Nomination	1	
	4	Modes of investment - Mutual fund & Direct equity	1	
	5	Trading- Intra-day trading, swing trading & derivative trading (F& O)- Online trading	1	
	6	SEBI, Scores	1	
II	Primary Market and Secondary Market		10	12
	7	Types of public issues, Initial Public Offer, Modes of pricing,	1	
	8	Application for IPO, ASBA, UPI and offline methods	2	
	9	Prospectus, Evaluation of IPO, allotment and listing	2	
	10	Investment in secondary market, Stock exchanges and indices	1	
	11	Market watch, LTP, OHLC, Upper and lower circuits, volume, Modes of placing orders, types of orders, Demonstration of market watch and order placing.	2	
	12	settlement, Contract note, Charges in demat and trading account, AMC, Margin pledge, Leverage, Taxation of stock market investment and trading.	2	
III	Fundamental and Technical Analysis		10	12
	13	Stock Selection, Security Analysis, Fundamental Analysis – EIC	2	

		analysis		
	14	Tools for company analysis- Business of company, promoters holding & pledge, Sales and profit growth, Major liquidity, profitability, leverage, valuation and other Ratios and its interpretations	3	
	15	Technical analysis, Basic tools of technical analysis – stock charts (line, bar and Japanese candlestick charts)- Trend and trend reversals, chart patterns, Support and Resistance- Volume, Indicators - Moving averages, Relative Strength Index, Stochastic Oscillators	3	
	16	Portfolio, Portfolio diversification & Portfolio revision.	1	
	17	Dividend, Taxation on stock market investment and trading.	1	
IV	Financial Derivatives		9	14
	18	Stock trading and derivative trading - Trading in future and options – Pre-requisites – types of futures and options	2	
	19	Futures and option contracts available in Indian stock exchanges	1	
	20	Trading mechanism of futures and options, settlement at expiry, physical settlement and cash settlements	2	
	21	Trading strategies in futures and options. Practical demonstration of Trading strategies in futures and options	3	
	22	Trading charges, Taxation of derivative trading.	1	
V	Open Ended Module		9	
		1. Analysis of the risk return of nifty for the last 20 years 2. Demonstration of fundamental analysis by using screener applications 3. Practical assignment on fundamental analysis of selected shares 4. Trading using simulative apps 5. Analysis of the trends of futures and options trading in India.

Course Code	E-FILING OF TAX RETURNS				
Course Title	COM6FS113 (2)				
Type of Course	SEC				
Semester	VI				
Academic Level	•				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	3	3	-	-	45
Pre-requisites	A basic understanding of the direct and indirect taxes, tax rates, deductions, exemptions, and credits applicable to individuals or entities.				
Course Summary	This course helps students to engage in practical exercises to reinforce their understanding of e-filing concepts and procedures. Familiarizing learners with e-filing, including their features, interface, and functionalities.				

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Demonstrates a thorough understanding of the e-filing process, including the steps involved, the required documentation, and the submission methods	Ap	P	Instructor-created exams / Quiz Assignment
CO 2	Demonstrates the ability to accurately enter financial information into tax preparation software and report income, deductions, and credits in compliance with tax regulations	Ap	P	Instructor-created exams / assignment Project
CO 3	Acquire skills to ensure the accuracy and integrity of data entered into electronic tax forms, minimizing errors and discrepancies in tax filings.	Ap	P	Practical Assignment / discussion
CO 4	Gain proficiency in using electronic filing systems provided by tax authorities, including navigating interfaces, entering data, and submitting tax returns securely online.	Ap	P	Project Assignment
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I	Taxation Mechanism		8	12
	1	Direct and Indirect Tax	1	
	2	Basic concepts of direct taxation	1	
	3	Types of Assessee	1	
	4	Income Tax under different heads, Deductions available from Gross Total Income	1	
	5	Basics of Computation of total income and tax liability	1	
	6	Types of Assessments	1	
	7	Application for PAN Card -Due date of filing return	2	
II	Income Tax E-Filing		8	12
	6	Meaning of E-Filing- Difference between E-Filing and manual filing of returns – Benefits and limitations of E- filing	2	
	7	Income Tax Registration- PAN- Types of E- Filing –Faceless Assessment Scheme	1	
	8	Types of returns – DS (Digital Signature)-AIS ,TIS- Introduction to TDS – 26AS	1	
	9	Provisions relating to Advance Payment of Tax	1	
	10	Schedule of deposit of TDS – Schedule for submission of TDS returns	1	
	11	Prescribed forms for filing TDS returns-ITR Filing	1	
	12	Online Tax Payment- E-Verification.	1	
	GST Law and Return		10	12
	13	GST Registration	1	
	14	Output tax liability of CGST, SGST, UTGST, IGST- GSTR 1,GSTR 3B, Filing	1	
	15	HSN summary preparation	1	
III	16	Different rates of GST-HSN Code	2	
	17	GSTR 2A,GSTR2B-	2	
	18	GST Online Tax Payment	1	
	19	Cash Ledger	1	
	20	Credit Ledger.	1	
	GST Composition and E Way Bill		10	14
IV	20	Composition Scheme	2	

	21	CMP08 Filing- GSTR-4 Filing- GSTR 9, GSTR 9C Filing	2	
	22	GST Cancellation	2	
	23	GSTR 10 Filing	2	
	24	Clarification on filing notices-Amendments	1	
	25	E way Bill Registration- E way bill generation cancellation	1	
V	Open Ended Module Recommendations		9	
		1. Assign group projects where students collaborate to prepare and file tax returns electronically. 2. Provide access to tax preparation software and allow students to practice e-filing tax returns in a simulated environment. 3. Use online platforms that replicate the e-filing process, allowing students to practice completing tax forms, entering data, and submitting returns in a virtual environment.

Course Code	COM6FS113 (3)				
Course Title	DATA ANALYSIS USING STATISTICAL SOFTWARE				
Type of Course	SEC				
Semester	VI				
Academic Level	·				
Course Details	Credit	Lecture per week	Tutorial per week	Practical per week	Total Hours
	3	3	-		45
Pre-requisites	Familiarity with fundamental statistical concepts, such as descriptive statistics such as mean, median, mode, standard deviation, probability distributions, hypothesis testing, and regression analysis, is necessary for interpreting data analysis results and selecting appropriate statistical techniques.				
Course	This course provides students with the knowledge and skills necessary				

Summary	to conduct data analysis using Statistical Package for the Social Sciences.
---------	---

Course Outcomes (CO):

CO	CO Statement	Cognitive Level*	Knowledge Category#	Evaluation Tools used
CO 1	Gain a thorough understanding of fundamental statistical concepts such as probability distributions, hypothesis testing, regression analysis	Ap	P	Instructor-created exams / Quiz Assignment
C02	Acquire skills to perform descriptive analysis of data, including calculating measures of central tendency, dispersion, and graphical representation of data distributions.	Ap	P	Instructor-created exams / practical assignment
CO 3	Interpret the results of statistical analyses performed using SPSS in the context of research questions or hypotheses.	An	C	Examinations Project
CO 3	Apply data analysis techniques to real-world datasets	Ap	P	Project
* - Remember (R), Understand (U), Apply (Ap), Analyse (An), Evaluate (E), Create (C) # - Factual Knowledge(F) Conceptual Knowledge (C) Procedural Knowledge (P) Meta cognitive Knowledge (M)				

Detailed Syllabus:

Module	Unit	Content	Hrs	Marks
I		Introduction to statistical software	9	12
	1	Planning the study, Choosing appropriate scales and measures, Reliability, Validity, Preparing a questionnaire- Question types, Response format, Wording the questions.	3	
	2	Preparing a codebook: Variable names, Coding Responses, Coding Open-ended question.	3	
	3	Starting SPSS statistics, Opening an existing data file, Working with data files, Windows, Menus, Dialogue Boxes, Closing IBM SPSS Statistics, Getting Help	3	

II	Preparing the Data File		12	12
	4	Creating a data file and entering data: Changing the SPSS statistics options.	3	
	5	Defining the variables: Procedure – Name, Type, Width, Decimals, Label, Missing, Columns, Align, Measure, and Role. Optional shortcuts.	3	
	6	Entering Data, Modifying the data file,	2	
	7	Data entry using excel, Useful SPSS statistics features, Merging files, Using Sets.	2	
	8	Screening and Cleaning the data: Check for errors, Find and correct the error in the data file	2	
III	Preliminary analysis		7	12
	9	Descriptive statistics, Categorical variables, Continuous variable, Missing data	2	
	10	Assessing normality, Checking for outliers	2	
	11	Histograms, Bar graphs, Line graphs, Scatter plots, Box plots – Interpretation of output from all the graphs.	1	
	12	Editing a graph, Importing graphs into word documents	1	
	13	Interpretation of output from reliability, Presenting the result from reliability	1	
IV	Overview of the different statistical techniques		8	14
	14	Exploring the relationships: Correlation, Partial correlation, Multiple Regressions	2	
	15	Factor analysis	2	
	16	Exploring difference between groups: T-tests, One-way analysis of variance,	2	
	17	Two-way analysis of variance, Multiple analyses of variance, Analysis of covariance	2	
V	Open Ended Module		9	
	Provide students with datasets relevant to their field of study and guide them through the process of importing, cleaning, analyzing, and interpreting data using SPSS

MODEL QUESTION PAPER
I Semester B.Com (CUFYUGP) Degree Examinations October 2024
COM1CJ101: MANAGEMENT PRINCIPLES AND APPLICATION

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks] (Ceiling: 24 Marks)

1. Define the concept of organizing in the context of management.
2. Explain the concept of planning premises.
3. Define the principle of Unity of Command.
4. What is meant by Delegation of Authority?
5. Define MBO.
6. What is Span of Management?
7. Define Democratic Leadership style.
8. What is meant by Management by Exception.
9. Define Crisis Management within the field of management.
10. What is meant by Inclusive Leadership?

Section B

[Answer All. Each question carries 6 marks] (Ceiling: 36 Marks)

11. Is management considered a science? Discuss its characteristics and principles.
12. Describe the features distinguishing Line and Staff organizational structures.
13. Elaborate on McGregor's Theory X and Theory Y.
14. Critically assess the effectiveness of laissez-faire leadership.
15. What are the fundamental principles guiding business ethics?
16. Discuss various strategies for resolving conflicts.
17. Detail the contributions made by C.K. Prahalad.
18. Explain the limitations of the planning function.

Section C

[Answer any one. Each question carries 10 marks] (1x10= 10 marks)

19. You're managing a small department with three subordinates: Yogesh, Pawan, and Kapil. Here's a quick look at each:

Yogesh: He's hard to understand, often absent, and values family over work. The company's incentives don't motivate him much, seeing his job as merely a means to support his family's basic needs.

Pawan: Unlike Yogesh, he's loyal to the company and follows its rules and compensation schemes. However, he lacks creativity and assertiveness, impacting his ability to sell himself to other departments or top management.

Kapil: He's assertive and motivated by money. He works hard but expects the company to reciprocate. He's driven by financial rewards and is known for pushing for more, even at the expense of intense personality clashes with former employers.

Questions:

1. What motivates Yogesh, Pawan, and Kapil, according to motivation theories?
2. Who perceives money as a direct reward for performance?
3. How does equity theory apply to Yogesh, Pawan, and Kapil's motivation levels?

20. Work is Worship," a prominent construction company, attributes its success to innovative ideas and a scientific approach to work. Ten years ago, the company underwent a significant transformation. They meticulously observed all operations, noting standard task times to determine workforce requirements and manufacturing schedules. After a few months, they progressed to address worker stress, analyzing rest intervals to optimize productivity. Six months later, the company introduced a reward system for efficient workers, offering higher wages for those exceeding performance standards. This incentivized workers to maximize efforts to boost their earnings.

Questions:

1. What management concept is exemplified in the case study?
2. Identify and explain the three types of this management concept mentioned in the case.
3. Explain the significance of this theory.

MODEL QUESTION PAPER

II Semester B.Com (CUFYUGP) Degree Examinations March 2024

COM2CJ101: FINANCIAL ACCOUNTING

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks]

(Ceiling: 24 Mark)

1. Critically evaluate the single-entry system of book keeping.
2. Explain cash in transit and goods in transit.
3. 'Rather than exhibiting book values of the assets and liabilities, SOA considers the amount which the organization can recover after selling off their assets and settling their outside obligations.' – Analyse the statement and make a comparison of SOA with Balance sheet.
4. Point out the differences between reserve capital and capital reserve.
5. List out the steps in preparing Income and Expenditure account.
6. A club received ₹. 20,000 as subscriptions during the year 2024-25 of which ₹.3,000 relate to year 2023-24 and ₹.2,000 to 2025-26, and at the end of the year 2024-25 ₹.6,000 are still receivable. Calculate the amount of subscription to be shown in Income and Expenditure account.
7. When does an omission become material? Elucidate your view.
8. Explain the term legacies and describe how it is treated while preparing the financial statements of non-profit making organisations?
9. Write any three features of dependent branches.
10. What is Statement of Affairs? Explain its peculiarities.

SECTION B

[Answer All. Each question carries 6marks]

(Ceiling: 36 Mark)

11. In Debtors system the head office opens a branch account for each branch. Draw the format of such branch account and show the journal entries in the head office books.
12. Mrs. Vandana runs a small printing firm. She was maintaining only some records, which she thought, were sufficient to run the business. On April 01, 2016, available information from her records indicated that she had the following assets and liabilities: Printing Press ₹5,00,000, Buildings ₹2,00,000, Stock ₹ 50,000, Cash at bank ₹65,600, Cash in hand ₹7,980, Dues from customers ₹20,350, Dues to creditors ₹75,340 and Outstanding wages ₹5,000. She withdrew ₹8,000 every month for meeting her personal expenses. She had also introduced ₹15,000 during the year as additional capital. On March 31, 2017 her position was as follows: Press ₹ 5, 25,000, Buildings ₹2,00,000, Stock ₹55,000, Cash at bank ₹40,380, Cash in hand ₹ 15,340, Dues from customers ₹ 17,210, Dues to creditors ₹65,680. Calculate the profit made by Mrs. Vandana during the year using statement of affairs method.
13. . A Patna based merchant has a branch at Gaya to which it charges out goods at cost plus 25%. The Gaya branch keeps its own sales ledger and remits all cash received to Patna head office every day. The transactions for the Gaya branch are as follows:
Stock on 1.1.2014 ₹. 11000

Debtors on 1.1.2014 ₹. 1700
 Petty cash on 1.1.2014 ₹. 100
 Cash sales ₹. 2650
 Goods sent to branch ₹. 20000
 Collection from debtors ₹. 21000
 Goods returned to H.O. ₹. 400
 Bad debts ₹.300
 Allowances to customers ₹. 250
 Return in ward ₹. 500
 Cheques sent to branch: Rent ₹. 600
 Wages ₹. 200
 Salary & Expenses ₹. 900
 Stock on 31.12.2014 ₹. 13000
 Debtors on 31.12.2014 ₹. 2000
 Petty cash on 31.12.2014 ₹. 100

Prepare Gaya branch account in the books of Patna Head Office.

14. From the following Receipt and Payment Account for the year ending March 31, 2015 of Negi's Club, prepare Income and Expenditure Account for the same period:

Receipt and Payment Account for the year ending March 31, 2015

Dr. Cr.

Expenditure	Amount(₹)	Income	Amount (₹)
Balance c/d Bank	25000	Purchase of furniture (1.7.14)	5000
Subscriptions		Salaries	2000

15. Journalize the following transactions of M/s Mallika Fashion House and post the entries to the ledger.
 - 2021 June 05: Business started with cash ₹2,00,000
 - June 08: Opened a bank account with Syndicate Bank ₹80,000
 - June 12: Goods purchased on credit from M/s Gulmohar Fashion House ₹30,000
 - June 12: Purchased office machines, paid by cheque ₹20,000
 - June 18: Rent paid by cheque ₹5,000
 - June 20: Sale of goods on credit to M/s Mohit Bros ₹10,000
 - June 22: Cash sales ₹15,000
 - June 25: Cash paid to M/s Gulmohar Fashion House ₹30,000
 - June 28: Received a cheque from M/s Mohit Bros for ₹10,000
 - June 30: Salary paid in cash ₹6,000
16. Prepare a double-column cash book with the help of the following information for December 2016:
 - Dec 01: Started business with cash ₹1,20,000
 - Dec 03: Cash paid into bank ₹50,000
 - Dec 05: Purchased goods from Sushmita ₹20,000
 - Dec 06: Sold goods to Dinker and received a cheque ₹20,000
 - Dec 10: Paid to Sushmita cash ₹20,000
 - Dec 14: Cheque received on December 06, 2016, deposited in bank
 - Dec 18: Sold goods to Rani ₹12,000
 - Dec 20: Cartage paid in cash ₹500
 - Dec 22: Received cash from Rani ₹12,000
 - Dec 27: Commission received ₹5,000
 - Dec 30: Drew cash for personal use ₹2,000
17. From the following particulars, prepare a bank reconciliation statement as on March 31, 2022:
 - (a) The debit balance as per cash book is ₹10,000.
 - (b) A cheque for ₹1,000 deposited but not recorded in the cash book.

- (c) A cash deposit of ₹200 was recorded in the cash book as if there is no bank column therein.
 - (d) A cheque issued for ₹250 was recorded as ₹205 in the cash column.
 - (e) The debit balance of ₹1,500 as on the previous day was brought forward as a credit balance.
 - (f) The payment side of the cash book was undercast by ₹100.
 - (g) A cash discount allowed of ₹112 was recorded as ₹121 in the bank column.
 - (h) A cheque of ₹500 received from a debtor was recorded in the cash book but not deposited in the bank for collection.
 - (i) One outgoing cheque of ₹300 was recorded twice in the cash book.
18. Prepare a petty cash book from the following transactions. The imprest amount is ₹2,000.
- 2017 January
- 01: Paid cartage ₹50
 - 02: STD charges ₹40
 - 02: Bus fare ₹20
 - 03: Postage ₹30
 - 04: Refreshment for employees ₹80
 - 06: Courier charges ₹30
 - 08: Refreshment for customer ₹50
 - 10: Cartage ₹35
 - 15: Taxi fare to manager ₹70
 - 18: Stationery ₹65
 - 20: Bus fare ₹10
 - 22: Fax charges ₹30
 - 25: Telegram charges ₹35
 - 27: Postage stamps ₹200
 - 29: Repair on furniture ₹105
 - 30: Laundry expenses ₹115
 - 30: Miscellaneous expenses ₹100

Section C

[Answer any one. Each question carries 10 marks] (1x10=10 Marks)

19. Global Tech Inc., a multinational technology company, is preparing to expand its operations into several new international markets. The company currently prepares its financial statements using U.S. Generally Accepted Accounting Principles (GAAP). However, as part of its expansion strategy, Global Tech plans to list its shares on several stock exchanges across Europe and Asia, where the adoption of International Financial Reporting Standards (IFRS) is mandatory.

The company's CFO is concerned about the implications of this transition from GAAP to IFRS, particularly in areas such as revenue recognition, lease accounting, and the treatment of financial instruments. The CFO has asked for a comprehensive analysis of the key differences between IFRS and GAAP that will impact the company's financial reporting.

Given the scenario above, analyze the key differences between IFRS and GAAP. Discuss how these differences could affect Global Tech Inc.'s financial statements. Additionally, consider

the broader implications of these changes for stakeholders, such as investors and regulators, in the new international markets.

20. Prepare the trading and profit and loss account and balance sheet of M/s Shine Ltd. from the following particulars:

Account	Amt. (Rs)	Account Title	Amt. (Rs)
Sundry Debtors	1,00,000	Bills Payable	85,550
Bad Debts	3,000	Sundry Creditors	25,000
Trade Expenses	2,500	Provisions for Bad Debts	1,500
Printing and Stationery	5,000	Return Outwards	4,500
Rent, Rates and Taxes	3,450	Capital	2,50,000
Freight	2,250	Discount Received	3,500
Sales Return	6,000	Interest Received	11,260
Motor Car	25,000	Sales	1,00,000
Opening Stock	75,550	Furniture and Fixture	15,500
Purchase	75,000	Drawings	13,560
Investments	65,500	Cash in Hand	36,000
Cash at Bank	53,000		

Adjustments:

1. Closing stock was valued at Rs. 35,000.
2. Depreciation charged on furniture and fixture @5%.
3. Further bad debts Rs. 1,000. Make a provision for bad debts @5% on sundry debtors.
4. Depreciation charged on motor car @10%.
5. Interest on drawings @6%.
6. Rent, rates, and taxes were outstanding Rs. 200.
7. Discount on debtors 2%.

Section A

**[Answer All. Each question carries 3marks]
(Ceiling: 24 Marks)**

1. Explain in brief about Process costing.
2. Define Overhead. Explain various classifications of overhead.
3. Name at least one industry in which each of the following methods would be suitable (a) Process (b) Operating (c) Job
4. Explain in brief about EOQ.
5. Explain time booking?
6. Discuss the different methods of wage payment to workers.
7. Explain the meaning of Activity-based Costing.

8. Distinguish between allocation, appointment & absorption of overhead.
9. List down the factors that you will consider before installing a costing system.
10. Explain in brief the various techniques of Inventory Control.

Section B

[Answer All. Each question carries 6 marks]

(Ceiling: 36 Marks)

1. State the important ways of classification of Cost & discuss each of them in detail.
2. Calculate Reorder Level, minimum stock level, and average stock level from the following information;

Normal usage - 300 units per week

Maximum usage - 450 units

Minimum usage - 150 units

Reorder period - 4 to 6 weeks

Reorder quantity - 2400 units

3. Calculate EOQ from the following information;

Annual consumption 6000 units

Cost of ordering = ₹15 per order

Cost per unit = ₹2.50

Carrying cost 20% of average inventory

4. How would you trade over time and cost accounts.
5. Given the following data calculate wages payable under Merrick's differential price rate system.

Standard production - 120 units

Actual production of workers - A :90 units

B :100 units

C :130 units

Rate per piece 0.10 per unit

6. From the following particulars prepare Normal wages and Overtime wages of a worker

Day	Hours worked
Monday	8
Tuesday	10
Wednesday	9
Thursday	11
Friday	9
Saturday	9
	<u>51</u>

7. Calculate Direct Labour Hour Rate from the following;

Total number of worker	100;	short and idle time	5%;
Working days in a year	300;	Factory overhead	₹11400
No. of hours per day worked	8;	Gift to workers	₹1000

8. What is Idle time? Give reasons for Idle time. How would you treat idle time in Cost accounting?

Section C

[Answer any one. Each question carries 10 marks]
(1x10= 10 marks)

9. "Cost accounting has become an essential tool of the management"
Comment

20.Prepare cost sheet:

Opening Materials ₹30850

Opening work-in-progress ₹60850

Purchase of materials ₹143250

Direct wages ₹178500

Works overhead ₹142800

Office overhead ₹112700

Closing materials ₹37700

Closing work-in-progress ₹67750

Sales for the year ₹860625

COM3MN207:SALES MANAGEMENT

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks]

(Ceiling: 24 Marks)

1.Define the concept of Personal selling.

- 2.What is AIDA?.
- 3.Define the term quota.
- 4.What is meant by communication?
- 5.Define the term sales territory?
- 6.What are the two physical qualities of a sales professional?
- 7.Define negotiation.
- 8.What is meant by demonstration
- 9.Explain what is an email?
- 10.What is meant by body language?

Section B

[Answer All. Each question carries 6 marks]

(Ceiling: 36 Marks)

- 11.Explain the importance of a sales letter.
- 12.Describe the term salesmanship.
- 13.Elaborate the role of sales management.
- 14.Explain the concept of Behavioural Equation Theory.
- 15.Explain the types of quotas.
- 16.Explain the concept of designing sales territories.
- 17.What are the types of selling?
- 18.Explain the significance of sales management.

Section C

[Answer any one. Each question carries 10 marks]

(1x10= 10 marks)

- 19..Discuss in detail the qualities of winning sales professional.
10. Critically evaluate the role of follow-up after sales.

COM2MN108: Strategies for Brand Building

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

**[Answer All. Each question carries 3 marks]
(Ceiling: 24 Marks)**

1. Define branding.
2. What are the objectives of brand management?
3. List the marketing advantages of strong brands.
4. What factors influence consumer perception in branding?
5. What is marketing mix?.
6. What is branding strategy?
7. What is brand equity?.
8. What are the benefits of brand loyalty?
9. What is brand crisis?.
10. What is brand positioning?

Section B

**[Answer All. Each question carries 6 marks]
(Ceiling: 36 Marks)**

11. Discuss the importance of brand communication.

12. Analyze the impact of brand loyalty on a company's success.
13. Explain the Marketing Mix and its role in branding.
14. How do BCG Charts and SWOT Analysis help in branding strategy?
15. Describe the different types of brand loyalty and their significance.
16. What is brand architecture, and how does it impact brand management?
17. Explain strategic brand management process.
18. Explain the stages in brand positioning.

Section C

[Answer any one. Each question carries 10 marks] (1x10=10 marks)

19. Critically analyze the factors affecting brand loyalty and how companies can build strong brand loyalty.

20. Discuss the process of creating a branding strategy, including the tools and models used.

MODEL QUESTION PAPER

I Semester B.Com (CUFYUGP) Degree Examinations October 2024

COM1MN105 Basics of Financial Markets

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks] (Ceiling: 24 Marks)

1. Discuss the role of the financial system in promoting economic growth. Provide examples to support your answer.
2. Analyse the impact of interest rate changes on the bond market.
3. Explain how behavioural finance theories can influence stock market investment decisions.
4. Define the key components of the financial system.
5. What are the differences between money markets and capital markets?
6. Explain the concept of risk-return trade-off with an example.
7. Describe the different types of financial instruments available in the market.
8. Discuss the significance of diversification in investment.
9. What are the primary functions of stock exchanges?
10. Explain the importance of liquidity in financial markets.

Section B

[Answer All. Each question carries 6 marks]

(Ceiling: 36 Marks)

11. Evaluate the risk-return characteristics of equity versus fixed-income securities using real-world examples.
12. Critically assess the impact of regulatory frameworks on financial market stability.
13. What are the key roles and responsibilities of investment bankers, underwriters, and registrars in the primary market?
14. What are the main functions of the primary market, and why is it significant for the capital market?
15. Explain the role of credit rating agencies in the financial system.
16. Discuss the advantages and disadvantages of investing in mutual funds.
17. What is the significance of market efficiency in the context of financial markets?
18. Differentiate between an Initial Public Offering (IPO) and a Follow-on Public Offering (FPO).

Section C

[Answer any one. Each question carries 10 marks]

(1x10= 10 marks)

19. The 2008 financial crisis was one of the most severe economic downturns since the Great Depression, triggered by the collapse of major financial institutions due to exposure to risky mortgage-backed securities and derivatives. The crisis not only led to the failure of major financial institutions but also caused significant economic turmoil across the globe, resulting in widespread job losses, bankruptcies, and a prolonged recession.
 - a) Analyze the causes: Examine the role of financial instruments such as mortgage-backed securities (MBS) and collateralized debt obligations (CDOs) in the 2008 financial crisis. Discuss how these instruments contributed to the systemic risk in the financial system.
 - b) Evaluate the impact: Assess the impact of the financial crisis on global financial markets. How did it affect investor confidence and the functioning of financial markets worldwide?
 - c) Lessons learned: Based on the lessons from the 2008 financial crisis, suggest measures that financial institutions and regulators can implement to prevent a similar crisis in the future.
20. Tesla, Inc., an electric vehicle and clean energy company, has experienced significant stock market volatility, with its stock price fluctuating widely due to various internal and external factors. Tesla began as a niche electric vehicle manufacturer, but over the years, it has become a leading innovator in the automotive and clean energy sectors. Tesla's stock saw significant fluctuations, driven by factors such as production milestones, regulatory changes, quarterly earnings reports, and broader market trends.
 - a) Analyze the factors that have contributed to Tesla's stock price volatility over the past five years. Consider aspects such as innovation, market competition, regulatory changes, and macroeconomic conditions.

- b) Discuss how investor sentiment and media coverage have influenced Tesla's stock performance. Include examples of specific events or news that led to major stock price movements.
- c) Based on your analysis, would you recommend investing in Tesla's stock at its current price? Justify your recommendation by considering both potential risks and returns.

MODEL QUESTION PAPER

II Semester B.Com (CUFYUGP) Degree Examinations October 2024

COM2MN105 ESSENTIALS OF INVESTMENT

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks]

(Ceiling: 24 Marks)

1. Explain the concept of savings.
2. What are the key differences between savings and investments?
3. Discuss the benefits of systematic investment plans (SIPs).
4. Explain the concept of compound interest and its importance in investments.
5. What are the different types of bonds available for investment?
6. Analyse the risk-return trade-off in equity investments.
7. Discuss the role of mutual funds in a diversified investment portfolio.
8. Evaluate the advantages and disadvantages of investing in real estate.
9. What factors should be considered when choosing an investment option?
10. Mr. A has a goal to save for his child's education in 10 years. Discuss the suitable investment avenues considering the time horizon and risk appetite.

Section B

[Answer All. Each question carries 6 marks]

(Ceiling: 36 Marks)

1. Analyse the impact of inflation on savings and investment returns.

2. Discuss the process of investing in the stock market for a beginner.
3. Mrs. B wants to retire in 20 years and needs a retirement corpus of \$1 million. Discuss the investment strategy she should adopt.
4. How does technical analysis differ from fundamental analysis, and what tools are commonly used in technical analysis?.
5. Evaluate the importance of liquidity in an investment portfolio.
6. Analyse the financial planning needs of a young professional in their early 30s.
7. Discuss the factors influencing the selection of an investment portfolio for an individual nearing retirement.
8. Discuss the significance of portfolio diversification in investment management.

Section C

[Answer any one. Each question carries 10 marks]

(1x10= 10 marks)

9. Sarah, a 28-year-old entrepreneur, recently sold her startup for \$500,000. She wants to invest this money to secure her financial future but is unsure about how to proceed. Sarah is risk-averse and prefers investments that offer stability and moderate returns, but she also wants to explore options that could yield higher returns in the long term. She has no immediate financial obligations, but she is considering buying a house in the next 5 years.

Questions:

1. **Evaluate Sarah's investment objectives and suggest a diversified investment strategy that balances her desire for stability with the potential for higher returns.**

Hint: Consider the mix of low-risk and moderate-risk investment options, and the potential role of real estate in her portfolio.

2. **Analyze the risks and benefits associated with the investment options you recommended for Sarah.**

Hint: Consider market volatility, liquidity, and long-term growth potential.

3. **Critically assess how Sarah's risk tolerance and future financial goals might impact her investment decisions over time.**

Hint: Consider the possible changes in her risk tolerance as she approaches her goal of buying a house and as her personal or business circumstances change.

10. John, a 45-year-old marketing manager, has accumulated \$200,000 in his retirement savings. He plans to retire at 60 and is aiming to build a retirement corpus of \$1.5 million. John is willing to take moderate risks but wants to ensure that his portfolio is not overly aggressive. He also wants to include investments that could provide a regular income post-retirement. John is concerned about the impact of inflation and market fluctuations on his retirement savings.

Questions:

1. **Design an investment portfolio for John that aligns with his retirement goals, taking into consideration his age, risk tolerance, and the need for income generation post-retirement.**

Hint: Consider the allocation between stocks, bonds, and other income-generating assets.

2. **Discuss the potential impact of inflation and market volatility on John's retirement savings and how his portfolio can be structured to mitigate these risks.**

Hint: Consider inflation-protected securities, diversification, and the role of fixed-income investments.

3. **Critically evaluate the trade-offs between growth-oriented investments and income-generating investments in the context of John's retirement planning.**

Hint: Consider how John's investment horizon and income needs affect the balance between capital appreciation and income stability.

MODEL QUESTION PAPER

III Semester B. Com (CUFYUGP) Degree Examinations October 2024

COM3MN205: PERSONAL FINANCIAL PLANNING

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks] (Ceiling: 24 Marks)

1. A recently graduated college student is trying to make a financial plan for herself as she starts her first job. Evaluate the importance of saving and investment in achieving her financial goals.
2. Explain the benefits of insurance.
3. In what ways can financial planning help people safeguard their financial future?
4. How can debt be efficiently managed to prevent financial distress?
5. Define ULIP.
6. How can financial literacy be employed to make well-informed investing decisions?

- 7.What are the risks of not having a financial plan?
- 8.What is the effect of credit card EMIs, vehicle loans, and educational loans on an individual's financial stability?
- 9.Explain the difference between good and bad debt, providing examples.
- 10.List and explain the three components that make up a personal financial plan.

Section B

[Answer All. Each question carries 6 marks] (Ceiling: 36 Marks)

- 11.A person is considering purchasing a home and is reviewing the financial alternatives. Examine how various loan options will affect their long-term financial stability.
- 12.Analyze a scenario where poor debt management has led to financial instability for an individual. What could have been done differently?
- 13.Explain the differences between tax evasion, tax avoidance, and tax planning
- 14.Describe how a financial plan's structure is influenced by financial goals.
- 15.Define debt management and discuss the significance of it in personal financial planning.
- 16.Explain the various types of insurance with examples.
- 17.Assess the financial strategy of a person who is nearing retirement. Determine the plan's advantages and any possible drawbacks.
- 18.Explain the benefits of the National Pension System (NPS) and Atal Pension Yojana (APY).

Section C

[Answer any one. Each question carries 10 marks] (1x10= 10 marks)

- 19.Read the following case carefully and answer the questions that follow:

Strategic Financial Planning

Alex is facing a financial dilemma. Despite having a steady salary, Alex has racked up

significant credit card debt over the years. Alex wants to save money for his kids' college, purchase a second house, and prepare for retirement. But Alex's monthly income is being severely reduced by the high-interest loan, leaving little for investments or savings.

- a) Examine Alex's financial status and provide a plan for successfully managing the high-interest debt.
- b) Establish a systematic financial plan considering Alex's long-term objectives of purchasing a second house, setting aside money for kids' college, and planning his retirement. How can Alex accomplish these objectives without compromising his financial security?
- c) Assess how investments fit within Alex's overall financial strategy. Considering his present debt burden and financial objectives, what kinds of investments might be appropriate for Alex?

20. Read the following case carefully and answer the questions that follow:

Balancing Debt and Investment

Hanna, a recent college graduate, has just started her first full-time job. She owes money on her college loans and wants to start saving for retirement, a down payment on a home, and an emergency fund. Hanna is also confused about whether to prioritize paying off her education loans before making stock market investments.

- a) Critically evaluate Sarah's alternatives for handling her student loans by establishing an investing portfolio. Should Sarah put more money into the stock market or pay off her debt first?
- b) Develop a short-term and long-term financial plan for Sarah. How should she strike a balance between her long-term objectives, such as retirement and owning a home, and her current requirements, such as setting up an emergency fund?
- c) Discuss possible risks Sarah's financial planning may present. How can Sarah accomplish her financial objectives and safeguard herself from these risks at the same time?

MODEL QUESTION PAPER
VIII Semester B. Com (CUFYUGP) Degree Examinations October 2024

COM8MN305: MICRO FINANCE

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks] (Ceiling: 24 Marks)

- 1.A Microfinance Institution intends to extend its reach into a new rural region. What aspects should it consider to ensure smooth operations?
- 2.Explain RBI's involvement in India's regulation of rural financial services.
- 3.Elucidate the three goals of Microfinance Institutions.
- 4.What role does NABARD play in rural financial services?
- 5.Explain one challenge and one opportunity for intermediaries in Microfinance.
- 6.What are the key features of Microfinance as a development strategy?
- 7.A rural credit institution finds it difficult to connect with women borrowers. What actions should be performed to use microcredit to empower women?
- 8.List and elaborate on two functions of NGOs in the microfinance sector.
- 9.What is the significance of microcredit in microfinance, and what are its limitations?
- 10.Explain the concept of self-help groups (SHGs) in the context of Microcredit.

Section B

[Answer All. Each question carries 6 marks] (Ceiling: 36 Marks)

- 11.A rural SHG is having trouble paying back its loan. What steps can be taken to strengthen their financial security?

12. Discuss the evolution of Microfinance in India.
13. Examine the potential effects of government subsidies on India's rural banking services.
14. Explain the types of Microfinance Products.
15. How do various credit institutions support rural development in India? Give examples.
16. What are the barriers to rural community empowerment with microcredit?
17. Explain the intermediaries for Microfinance in India
18. In the event of a financial crisis, what moral and legal obligations should Microfinance Institutions take?

Section C

[Answer any one. Each question carries 10 marks]

(1x10= 10 marks)

19. Read the following case carefully and answer the questions that follow:

For the past five years, a microfinance institution has been functioning in a rural area of India with an emphasis on lending microloans to women entrepreneurs. Despite early success, reports from recent times indicate a drop in loan repayments, raising concerns that the loans are not providing women with long-term economic empowerment.

- a) Examine the potential socioeconomic and cultural constraints that may be influencing the repayment behavior of women in rural areas, as well as the factors that may be contributing to the drop in loan repayments among women borrowers.
- b) Suggest practical changes the organization may make to boost the efficiency of its microlending programs while ensuring that they result in women's long-term empowerment.
- c) Provide metrics and approaches that consider both qualitative and quantitative factors when evaluating women's social and economic empowerment.

20. Read the following case carefully and answer the questions that follow:

A prominent microfinance organization in India experienced serious financial difficulties during the COVID-19 epidemic because of an abrupt rise in loan defaults and a decrease in new loans. The organization needed support from both the RBI and NABARD while navigating complicated regulatory systems.

- a) Evaluate critically how RBI policies and regulations affect the microfinance institution's ability to manage the crisis, either by limiting or assisting it.
- b) Explain the specific measures that NABARD may take to give microfinance institutions both short-term support and long-term stability in times of financial crisis.
- c) What ethical considerations should the microfinance institution consider while restructuring its operations post-crisis?

COM2MN106: LIFE INSURANCE: FUNDAMENTALS AND APPLICATIONS

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks]
24 Marks)

(Ceiling:

1. Define life insurance.

2. Briefly discuss the evolution of life insurance globally.
3. What are the tax benefits of life insurance premiums under the Income Tax Act?
4. Explain the importance of life insurance in financial planning.
5. What are the functions of the Insurance Regulatory and Development Authority of India (IRDA)?
6. What is term life insurance?
7. What are the features of endowment policies?
8. What are the obligations of policyholders regarding premium payments?
9. What are the documentation requirements for life insurance claims?
10. Mention any three ethical issues in life insurance sales and marketing.

Section B

[Answer All. Each question carries 6 marks]
(Marks)

(Ceiling: 36)

11. Explain the features of whole life insurance policies.
12. Discuss the role of annuities in providing regular income during retirement.
13. Explain the factors influencing premium calculations in life insurance.
14. Analyze the step-by-step procedure for initiating a life insurance claim.
15. What are the new and innovative life insurance products available in the market?
16. How have technological advancements impacted the life insurance industry?
17. Describe the various settlement options available to beneficiaries.
18. Discuss the future outlook and challenges facing the life insurance sector.

Section C

[Answer One. Each question carries 10 marks]
(Marks)

(1×10=10)

19. Evaluate the impact of new distribution channels and sales techniques on the life insurance industry.
20. Explain the functions and responsibilities of IRDA in regulating the insurance industry

I Semester B. Com (CUFYUGP) Degree Examinations October 2024
COM1MN109: ESSENTIAL STATISTICS FOR BUSINESS ANALYTICS
(Credits: 4)

Maximum Time: 2 hours
Marks: 70

Maximum

Section A

**[Answer All. Each question carries 3 marks]
(Ceiling: 24 Marks)**

- 1.What are sampling Errors?
- 2.What is null hypothesis?
- 3.What is t-test?
- 4.Define Chi-Square test
- 5.What is positive correlation?
- 6.Define Regression analysis
- 7.What is method of least square?
- 8.What is the interpretation of correlation?
- 9.Explain scatter diagram
- 10.What is sampling?

Section B

**[Answer All. Each question carries 6 marks]
(Ceiling: 36 Marks)**

- 11.Explain the components of Time Series Analysis
- 12.What are the different type correlations?
- 13.. Explain different types of tests?
- 14.Consider the time series data given below:

X	8	3	2	10	11	3	6	5	6	8
Y	4	12	1	12	9	4	9	6	1	14

Use the least square method to determine the equation of line of best fit for the data. Then plot the line.

15. Difference Between correlation and regression

16. Explain steps in testing

17. Explain different types of sampling techniques

18. Explain different types of correlation.

Section C

[Answer any one. Each question carries 10 marks]

(1x10= 10 marks)

19. Four brands of flashlight batteries are to be compared by testing each brand in five flashlights. Twenty flashlights are randomly selected and divided randomly into four groups of five flashlights each. Then each group of flashlights uses a different brand of battery. The lifetimes of the batteries, to the nearest hour, are as follows.

Brand A	Brand B	Brand C	Brand D
42	28	24	20
30	36	36	32
39	31	28	38
28	32	28	28
29	27	33	25

Preliminary data analyses indicate that the independent samples come from normal populations with equal standard deviations. At the 5% significance level, does there appear to be a difference in mean lifetime among the four brands of batteries?

20. Calculate and interpret the correlation coefficient of the two variables below.

Person	Hand	Height
A	17	150
B	15	154
C	19	169
D	17	172

E	21	175
---	----	-----

YEAR**

COM2MN110 : E-BUSINESS STRATEGIES

(Credits: 4)

**Maximum Time: 2 hours
Marks: 70**

Maximum

Section A

**[Answer All. Each question carries 3 marks]
(Ceiling: 24 Marks)**

1. What is Electronic Data Interchange?
2. What is Business to Consumer (B2C)?
3. What is E-Business.?
4. What is electronic payment?
5. What is debit card?
6. Explain the term E-Cash
7. What is protocol?
8. Explain Application Service Provider
9. What is Firewall?
10. What M-Commerce?

Section B

**[Answer All. Each question carries 6 marks]
(Ceiling: 36 Marks)**

11. What are the factors affecting Electronic Business?
12. What are the features of Electronic Business?
13. Explain Electronic Payment Systems
14. Explain the working of online credit card system
15. What are the important provisions of IT Act?
16. What are the legal and privacy issues in e-commerce?
17. Explain protocol with related to electronic payment
18. Explain the issues of electronic payments.

Section C

**[Answer any one. Each question carries 10 marks]
(1x10= 10 marks)**

19. Explain Web security, Firewalls and transaction security. Also explain with real life business problems.

20. What are the different Ecommerce Models in the world?

MODEL QUESTION PAPER
I Semester B.Com (CUFYUGP) Degree Examinations October 2024
COM1MN109: ESSENTIAL STATISTICS FOR BUSINESS ANALYTICS
(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks] (Ceiling: 24 Marks)

1. Define the concept of Time Series.
2. Explain the concept of Spearman's Rank Correlation.
3. What is meant by Population?
4. What is meant by MANOVA?
5. What is meant by Hypothesis testing?
6. Distinguish between the Null Hypothesis and the Alternative Hypothesis.
7. What are the objectives of the Time series?
8. Define the Sampling Error
9. What are the assumptions related to the ANOVA Test?
10. What is Non-Parametric Test?

Section B

[Answer All. Each question carries 6 marks] (Ceiling: 36 Marks)

11. What are the different probabilistic Sampling Techniques?

12.Distinguish between the Sampling Error and the Non-Sampling Error.

13.From the following data obtain the two regression equations:

X: 8 9 5 4 6

Y: 9 7 3 4 2

14.Discuss various steps involved in the Hypothesis Testing

15.Distinguish between Correlation and Regression.

16.Two independent samples of 8 and 7 items gave the following values:

Sample X: 8 12 14 15 19 21 23 24

Sample Y: 15 23 22 25 36 41 43

17.Find Spearman's rank coefficient of correlation from the following data:

X: 40 56 24 23 25 69 42

Y: 31 54 43 31 27 63 39

18.Distinguish between the Parametric Test and the Non-Parametric Test.

Section C

[Answer anyone. Each question carries 10 marks]

(1x10= 10 marks)

19.What are the Components of Time Series?

20. Perform a two-way ANOVA on the data given below:

Plots of Land	P	Q	R	S
I	28	30	31	29
II	35	32	39	26
III	30	28	32	32

MODEL QUESTION PAPER
II Semester B.Com (CUFYUGP) Degree Examinations-----

COM2MN109: Data Analytics for Business

(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks]

(Ceiling: 24 Marks)

1. Define data.
2. What is Big Data Analytics?
3. What is the Nominal Scale?
4. Define the Data Mining
5. What is meant by Cleaning the data?
6. What is meant by cross- validation?
7. Explain Deep learning
8. What is meant by Artificial Neural Networks?
9. Define Predictive Analytics.
10. What is meant by Scale?

Section B

[Answer All. Each question carries 6 marks]

(Ceiling: 36 Marks)

11. Distinguish between Qualitative and Quantitative data.
12. Discuss various steps involved in the Data Analytics Lifecycle.
13. Explain the different Applications of Data Analysis.
14. Discuss Popular Data Analytic Tools.

- 15.Distinguish between the data and the information.
- 16.Explain the significance of Business Analytics in decision making.
- 17.Distinguish between the ratio Scale and the interval scale.
- 18.Distinguish between the data and Information.

Section C

[Answer anyone. Each question carries 10 marks] (1x10= 10 marks)

- 19.What are the different types of Data Analytics?
20. Describe two broad categories of Machine learning techniques.

MODEL QUESTION PAPER
I Semester B.Com (CUFYUGP) Degree Examinations October 2024
COM1MN110: Business Analytics for Decision -Making
(Credits: 4)

Maximum Time: 2 hours

Maximum Marks: 70

Section A

[Answer All. Each question carries 3 marks] (Ceiling: 24 Marks)

- 1.Define the concept of Research Questions.
- 2.Explain the concept of secondary Data.
- 3.What is Social Network Analysis?
- 4.What is unstructured data analytics?
- 5.Define Business Analytics

- 6.What is Primary Data?
- 7.What is Text Analytics?
- 8.What is meant by Data Modelling?
- 9.Define Data Visualization.
- 10.Define a questionnaire.

Section B

[Answer All. Each question carries 6 marks]

(Ceiling: 36 Marks)

- 11.Is Data Analytics considered a science? Discuss.
- 12.Describe the features.
- 13.Elaborate on Predictive Analytics.
- 14.Critically assess the effectiveness of business analytics in the existence and survival of businesses.
- 15.What are the features of business analytics?
- 16.Discuss various steps in business decision- making
- 17.Detail the external sources of data.
- 18.Distinguish between Data Base Management and Data Visualization

Section C

[Answer anyone. Each question carries 10 marks]

(1x10= 10 marks)

19. What are the different methods of collecting primary data?
20. Discuss different types of decisions.

MODEL QUESTION PAPER
II Semester B.Com (CUFYUGP) Degree Examinations ----

COM2MN110: E-BUSINESS STRATEGIES

 - 12/01/2023: Paid rent Rs. 400.
 - 14/01/2023: Bought fixtures for Rs. 2,000.
 - 17/01/2023: Received cash from Gupta & Co. Rs. 2,940; allowed them a discount of Rs. 60.
 - 20/01/2023: Issued cheque for Rs. 11,000 in full settlement to Ramasamy & Co.
 - 30/01/2023: Paid insurance premium Rs. 900 by cheque.
14. On 1st April 2019, machinery was purchased by Surya Ltd. for Rs. 1,00,000. On 1st September 2020, one more machinery worth Rs. 40,000 was purchased. The rate of depreciation charged is 20% under the diminishing balance method. Show the machinery account for four years from 2019 to 2023.
15. Briefly explain the steps involved in the process of Accounting.

Section C

[Answer any one. Each question carries 10 marks]

(1x10=10 marks)

16. From the following information of Jansons Ltd. On 31st March 2023 you are required to prepare the trading, profit and loss A/c and Balance Sheet

	RS		RS
Opening stock	5,000	Capital	89,500
Bills Receivables	22,500	Commission (Cr.)	2,000
Purchases	1,95,000	Return outwards	2,500
Wages	14,000	Trade expenses	1,000
Insurance	5,500	Office fixtures	5,000
Sundry Debtors	1,50,000	Cash in hand	2,500
Carriage inwards	4,000	Cash at bank	23,750
Commission (Dr.)	4,000	Rent & rates	5,500
Interest on capital	3,500	Carriage outward	7,250
Stationary	2,250	Sales	2,50,000
Return inwards	6,500	Bills payables	15,000
		Creditors	98,250
		Closing stock	12,500

17. Write a note on the nature, functions and scope of accounting

Appendix

1. Format of the Internship Report

1. Title Page:	<ul style="list-style-type: none">Title of the report, Name of the organization, Name of the intern, Duration of the internship, Date of submission.
2. Certificate, Declaration and Acknowledgments:	<ul style="list-style-type: none">Internship completion certificate from the organizationInclude a declaration stating that the internship report is original work and has not been submitted elsewhere.Express gratitude.
3. Table of Contents:	<ul style="list-style-type: none">Provide a list of sections and subsections with corresponding page numbers.
4. Introduction:	<ul style="list-style-type: none">Introduce the organization where the internship was conducted, including its background, mission, products/services, industry sector, and any other relevant information.State the objectives of the internship report.
5. Description of the Organization:	<ul style="list-style-type: none">Provide a detailed overview of the organization, its history, organizational structure, core functions, target market, competitors, and industry trends.Describe the department or division where the internship was undertaken and its role within the organization.
6. Internship Experience:	<ul style="list-style-type: none">Describe the tasks, projects, and responsibilities undertaken during the internship.Discuss the skills, knowledge, and competencies acquired or enhanced through practical experience.Provide examples of significant achievements, challenges faced, and how they were overcome.
7. Learning Outcomes:	<ul style="list-style-type: none">Reflect on the key learning and insights gained from the internship experience.Discuss how the internship contributed to personal and professional development, including skill development, industry knowledge, and career aspirations.
8. Recommendations:	<ul style="list-style-type: none">Offer recommendations for the organization based on observations and experiences during the internship.Suggest areas for improvement, future opportunities, or strategies to enhance organizational effectiveness.
9. Conclusion:	<ul style="list-style-type: none">Summarize the main findings and outcomes of the internship experience.

10. **appendices:**
11. Include any references, sources, or materials cited in the internship report.
12. **References:**
 - Attach any supplementary materials.

2. Format of Internship Daily Report

1. **Title:** Daily Report of Internship in [Organization Name]
2. **Date:**
3. **Internship Details:**
 - Intern Name:
 - Department/Division:
 - Supervisor/Mentor:
